Action On Wage Tax Is Delayed

Council Will Not Act On Measures Monday—Await Survey Report

Proposed ordinance calling for a general personal property tax levy will not be called up for consideration by council Monday, according to Mayor John F. Haven. It was scheduled for final vote September 13.

The mayor stated that council desires to postpone action on the proposed adoption of the bill until after Dr. H. F. Alderfer, Dean Chapel and C. F. Ledecker, of the Institute of Local Government of Penn State college, deliver a report of the tax survey they are now conducting here.

Pa Newc Observes

In the odd sign department, Pa Newc discovers this one: "Potato Chips".

Another odd residence in the East Long avenue area near Howard Way is being dismantled to make room for a business establishment, Pa Newc is told. Several old homes adjoining one another have been torn down in the same vicinity.

Mechanic street, just off South Mill street, was torn up Thursday prior to resurfacing the thoroughfare. The street is a short one which is quite extensively used.

With tomato season at its height, canning of the vegetable is in high gear in many homes about the city and county. Many other items are being put into cans for consumption later in the season.

Motorists at the intersection of Mercer and East Washington street were confused for a time Thursday afternoon. The signals on the traffic light became stuck with the north and south traffic getting the red or stop signal, while the caution light remained on for the east and west traffic. The situation was remedied in a short time.

Apple growers of the county are getting ready to harvest their crop of the fruit. Several orchards report a lower yield, while in some sections the yield is good.

Breakdown In Berlin Parley Is Now Feared

Newest Soviet Maneuvers Is Symptom Of Breakdown Of Berlin Negotiations

MAKE ATTEMPT TO THROTTLE AIRLIFT

By JOHN REICHMANN
(U. S. Staff Correspondent)

WASHINGTON, Sept. 10.—Air Force headquarters announced today that Lt. Gen. Curtis Lemay, commanding the USAF in Europe, has been given full authority to deal with latest Russian attempts to throttle the Berlin airlift.

At the same time, diplomatic quarters foresaw the newest Soviet maneuvers as a symptom of a complete breakdown in efforts to solve the growing Berlin crisis.

There was no immediate official comment on Russia's demand that the USAF furnish detailed information in advance of each air lift flight into Berlin. Moscow said Soviet planes will maintain "security" in the air corridor from Berlin to Frankfurt.

In close contact
The air force disclosed that Washington headquarters is in close contact with Lemay in Frankfurt.

A spokesman said:
"Lemay can ask for guidance but we cannot disclose whether or not he has done this. We would offer (Continued on Page Two)

Speed Efforts To Rescue 15,000 In Volcanic Area

MANILA, Sept. 10.—(INS)—Numerous vessels including a U. S. army transport were converging today on Camiguin island in the southern Philippines to remove residents reported imperiled by a poisonous volcanic eruption.

The transport General Weigel was diverted from its course to speed to the tiny island where rumbling Mount Hibobibok was said to be spewing lethal acidic ash.

In Tenth Day
The volcano's eruption, now in its tenth day, was reported to have turned gaseous yesterday. The report came in an SOS sent by a Philippine government volcano expert, Arturo Alcaraz, from a patrol ship in the vicinity.

The message described the situation of Camiguin as one of "acute emergency," with the island's remaining 15,000 inhabitants confronting deadly danger after more than 30,000 already had been evacuated.

Picks Up SOS
Today, American transportation corps officers in Manila disclosed they had received a radio message from the General Weigel, stating (Continued on Page Two)

Double Accident Fatal To Woman

CARLISLE, Pa., Sept. 10.—(INS)—A 44-year-old Cumberland county woman, pinned in an overturned automobile, was killed today when a trailer-truck crashed into the wrecked vehicle near Rose Garden.

State police said Mrs. Nellie Heckard, of Mt. Holly Springs, was killed as her husband, William, 36, and a truck driver, Clyde E. Williams, 18, of Gettysburg, worked frantically to remove the woman from the overturned car.

Majority Of Papers Are Backing Dewey

NEW YORK, Sept. 10.—(INS)—Editor and Publisher reported today that a majority of the nation's daily newspapers back Governor Thomas E. Dewey for president.

The newspaper trade magazine said that 68.68 percent of the daily newspapers with 70.4 percent of the circulation favored the GOP candidate.

Hear More Witnesses In "Atomic Espionage"

(BULLETIN)
WASHINGTON, Sept. 10.—(INS)—Lt. Gen. Leslie R. Groves, ex-chief of the atom bomb project, was called today by House spy investigators checking up on Soviet efforts to crack American atomic secrets.

Groves told reporters as he entered a secret session of the House Un-American activities committee that he was appearing "under subpoena," but "could tell a great deal about everything for which I was responsible."

By WILLIAM THEIS
(U. S. Staff Correspondent)

WASHINGTON, Sept. 10.—The House Un-American activities committee lined up seven more witnesses on its "atomic espionage" case today after questioning a former atom bomb project chemist.

Chairman Thomas (R) N. J. announced that his committee, meeting behind closed doors, has begun work on a "very important espionage case." The group is checking on alleged Soviet attempts to steal atomic secrets.

Larger Group Registered For Draft In City

Nearly 500 In 22-Year-Old Class Here Registered Wednesday-Thursday

Registration on Wednesday and Thursday proved the heaviest yet with City Board 87, when a total of 481 young men in the 22-year-old bracket were registered.

The work of registering the young men presenting themselves is now progressing smoothly, with an adequate force of volunteers on hand to take care of the young men as they present themselves for registration at the draft board headquarters, fourth floor, Greer building.

Wednesday, when help was scarce in the morning, 277 young men registered, while 204 were registered yesterday.

No Long Wait
This morning there was no long wait ahead of the applicants and they were processed in a much shorter time. This is due to the fact that the women volunteers (Continued on Page Two)

Rubber Collars On Seals Mystery Reported Solved

WASHINGTON, Sept. 10.—(INS)—The mystery of the rubber collars recently found on nine Pribilof island fur seals has been solved.

Frank G. Ashbrook, head of the fish and wildlife service's wild fur animal investigations, gives the credit to the Air Force's Air Material Command.

Army fliers examined the collars after service biologists were stumped and suggested that they are fragments of rubber bags used by the Japanese during World War II for aerial delivery of food and water to their besieged troops in the Aleutian Islands.

Ashbrook said the belief is that many of the bags missed their mark and were blown out to sea. Small pup seals are believed to have been plunged through the narrow openings in the bags seeking the food.

The bags clung to the necks of the seals and eventually crumbled away leaving rubber rings around their necks.

Arrest Woman Who Came Into U. S. As War Bride

NEW YORK, Sept. 10.—(INS)—W. Frank Watkins, district director of immigration and naturalization, announced today the arrest of Mrs. Edna Peach, a Czechoslovakian woman who entered the United States in 1946 as a war bride.

Mrs. Peach was taken into custody today at 1:15 p. m., Wednesday as she was about to board the Queen Elizabeth for a visit to Czechoslovakia.

Film Actress Near Death From Mystery Injuries

HOLLYWOOD, Sept. 10.—(INS)—Film actress Rita Johnson was near death today from unexplained head injuries.

Her brother, William Johnson, who flew to Hollywood from Chicago to be at her bedside, demanded a police investigation because of the mystery surrounding her injuries.

Surgeons at St. Vincent's hospital performed a delicate skull operation on the 34-year-old blonde star in a last-resort attempt to save her life.

ST. LOUIS, Sept. 10.—(INS)—Funeral services were planned today for William M. McNair, former mayor of Pittsburgh who died suddenly in St. Louis.

McNair, 68-year-old member of the Pennsylvania legislature, collapsed last night at Union Station where his wife had boarded a train for Texas.

New Regulations On Air Lift Given Allies By Soviet

Demands Could Not Be Met And Will Be Ignored By Allies

IRE OF AMERICANS FULLY AROUSED

By OMER ANDERSON
(U. S. Staff Correspondent)

BERLIN, Sept. 10.—The Soviets attempted to throttle the Allied air lift to seething Berlin today by proposing regulations which a U. S. official said are "none of their damned business."

This development came as the city girded for new disorders feared coincident with a monster Communist rally set for Sunday in the Soviet sector.

A check-up showed that at least one person—a 15-year-old youth—was killed yesterday when Soviet forces and eastern sector German police opened fire during a huge anti-Communist demonstration when the red flag was torn down from the Brandenburg gate and burned.

Truckers Strike In New York Is Nearing Climax

NEW YORK, Sept. 10.—(INS)—New York's paralyzing 10-day old trucking strike approached a near climax today as union leaders prepared to plead with drivers to ask for a 17 1/2 cent instead of a 35-cent wage increase.

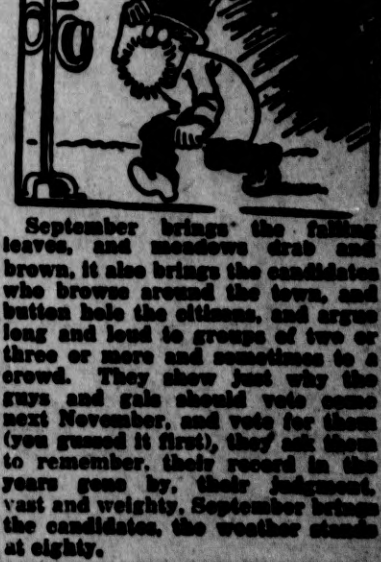

It was the city walkout's first break, although in Newark one union local ratified an agreement with 16 independent carriers.

Railroad Coal Pocket On Fire In Jersey City

JERSEY, N. J., Sept. 10.—(INS)—A two-alarm fire today badly damaged a large Erie Railroad coal pocket in Jersey City. Clouds of dense smoke over the downtown area were visible in New York City.

The fire was brought under control about an hour and a half after it broke out, but fire officials said that it probably will smolder for two days.

Island Search For Four Planes And Their Pilots

Myer's Circumstances Disappearance
Of Four U.S. Army Planes
Near Manila

MANILA, Sept. 10.—(INS)—An American search party, headed by Major Myer, is looking for four P-51 fighters and their pilots missing somewhere in the Philippines.

Headquarters of the U. S. 13th Air Force expressed fear the planes may have crashed into the ocean during a navigational training flight southwest of the Philippines yesterday.

A Clark field spokesman disclosed that two planes of the 16th Air Force in the formation were damaged in emergency landings on Formosa Island. Neither of the two pilots was injured.

The other ten planes also reached Formosa after encountering what was termed "extremely bad weather" off northern Luzon, principal Philippine island.

With the exception of the four damaged planes and the two whose pilots were returned from Formosa to Clark field.

Returning Soviet Group Takes Along U.S. Luxury Items

NEW YORK, Sept. 10.—(INS)—

Twenty-five Soviet employees of the United Nations are returning to their homes in the Soviet Union, carrying with them a large assortment of "luxury items."

The Russians called yesterday from New York City, aboard the Soviet liner "Krasnaya Zvezda."

Their recommendations were strictly on the proletarian side—no furs, no diamonds, no gold.

They also said they had no intention of taking anything back to the Soviet Union.

"I'm glad to be going home," one of them said. "All the rest of the world is a mess."

FILM ACTRESS IS NEAR DEATH FROM MYSTERY INJURIES

(Continued from Page One)

They quoted him as giving this description of the star's injuries: "She has bruises on the head, face, legs and body, a possible skull fracture and maybe a blood clot on the brain."

The actress was removed to the hospital after being in a coma since Monday. She layed into unconsciousness Monday evening shortly after an actress friend, Mary Alinsce, called at her apartment to go to a cocktail party with her.

"Bad Bump On Head"
Miss Alinsce quoted Miss Johnson as saying: "I've had a bad bump and my head hurts."

Miss Alinsce continued: "She was all dressed for the party and had a hair net in her hand. She asked me to feel the bump on her head."

"I felt the swelling. It was the size of an orange. The friend said the actress lay down on the bed and began complaining that her neck hurt. Miss Alinsce added:

"From then on she began to become incoherent. After an hour or so I called the hospital again. When I still couldn't get a doctor I called by own physician, Dr. (Philip) Ehrenberg."

Dr. Ehrenberg in turn summoned the actress's physician, Dr. Siegel. He tried first to get her into a Hollywood hospital, but then ordered she be kept in her apartment for fear it might be fatal to move her.

Two New Wounds
Dr. Ehrenberg said there were two new wounds on Miss Johnson's head, both apparently inflicted with the same kind of object.

The physician declared he saw no sign of disorder in the film star's apartment. He said:

"The place was as neat as a pin. I did not take much notice of the hair drier, but I do remember it was in the front room and did not seem to be broken or to have fallen down."

Dr. Siegel, Miss Johnson's agent, said that so far as he knew, there was nothing in the star's background to explain a possible violent attack.

for 7-13 hours in their first session, are continuing to become more familiar with the work, and the questions which are asked, find a ready answer from the younger men.

Today and Saturday, the young men who were born in 1927 are being processed, and Monday and Tuesday, it will be those born in 1928. The registration of the men by age groups will be concluded on Saturday, September 12, and from that date on, the young men will be required to register when they attain their 18th birthday, who were born on and after September 12, 1920.

Those who were assisting with the registration today, were: Mrs. L. G. Dennis, Mrs. Rose Cavallo, Mrs. Dorothy Maxwell, Mrs. Liane McCombs, Robert K. Carnes, Miss W. Jane Wallace, and Mrs. Maude Forrester.

William Kommer, who was executed in New York on Aug. 6, 1950, was the first person electrocuted in that state.

There were indications that the house members regard this stage of their work as vital to the preparation of the case they will present in the public hearings.

NEW REGULATIONS ON AIR LIFT GIVEN ALLIES BY SOVIET

listing flight courses and altitudes. But the objective of each flight is none of the Soviets' damned business."

The Soviets had demanded that they be furnished with the pilot's name on each flight, the radio frequency and call letters of every plane and the ultimate destination.

New Soviet Agents
A note from the Soviet command also referred to the command as having been established by the Russian authorities.

A U. S. spokesman described this as "apparently some new Soviet angle to suggest the Russians are extending an aerial hospitality."

He pointed out that in actual fact the corridors were established by four-power agreement.

At the same time Berlin Communists threatened "serious" reprisals against anti-Communist German leader in the western sectors whom they charged with instigating "demonstrations for war."

Warning Sounded
Paul Markgraf, Soviet sector police chief, whose forces yesterday joined with Russian soldiers in firing into a crowd of anti-Communist demonstrators, sounded the warning.

At least one person—a 15-year-old German youth—was killed and an estimated 50 persons were wounded when the Soviet sector forces opened fire on the crowd which had stoned Russian troops and torn down a red "victory" flag.

The Russian demand for an hour notice of American flights was handed to U. S. officials at the Berlin air safety center. Also demanded was a listing of each type of craft, its altitude and objective on the Frankfurt-Berlin supply shuttle route.

Grave hardships would be imposed on American officials to meet these conditions since planes flying the run to blockaded western Berlin now operate frequently on less than a five minute headway.

tion on the atomic case, preparing material for the opening of public hearings on Sept. 15.

Principal Witness
Their principal witness was Dr. C. F. Hickey, a teacher in a New York private school, whom committee sources identified as a chemist formerly employed on the Manhattan project.

Also questioned was Miss Marcella Sand, of New York, who was identified as the former wife of Hickey. The present Mrs. Hickey and an attorney, Albert L. Collona, of New York, accompanied the chemist and Miss Sand to the closed hearing but did not testify.

Thomas and the other two members of a subcommittee handling the secret testimony refused to discuss the atomic case with reporters. Rep. McDowell (R) Pa., said the members had "agreed not to talk."

Thomas issued only a brief statement in which he said the group had a "very important session" and made "substantial progress."

The committee also questioned a Miss Victoria Stone, of New York, but members would not say why she had been called.

There were indications that the house members regard this stage of their work as vital to the preparation of the case they will present in the public hearings.

That the company agreed to a leave of absence for them during the strike without affecting their seniority, and that orders had been issued by the company to cease shipments into the New Castle plant during the strike. Members Case
The case of the moulder was to be heard this afternoon. Representing the moulder were Attorney Robert Wilson of Cincinnati; O. Alex Pazzant, president of the local; Joseph Medure, chairman of the executive committee of the local; and Edward F. Kautzer, district representative. Present also were a number of the moulder. Their testimony was similar to that of the pattern makers.

The applications for unemployment compensation were made individually by the pattern makers and moulder but their cases were heard in groups. The officers of the unions presented their cases.

Similar applications were made by some members of the International Association of Machinists but the decision of C. B. Smith, district representative of the PSES was they were not entitled to unemployment compensation for the time they were on strike.

Following testimony, the summation of the case will go before the Unemployment Compensation Board. This board will decide whether or not the pattern makers and moulder were idle, purely because of the strike of the machinists. If an affirmative decision is made the men will be granted compensation. If not the applications will be refused.

guidance if he asked for it." Asked if all decisions are up to Lemay, he said:

"Absolutely."

State department officials declined to comment immediately on the new development. But they carefully studied the Soviet warning that "maneuvers will be held by Russian fliers in the corridors."

Possible Over Outcome
Information of the latest Russian moves came at a time when top officials were preparing fresh instructions for Gen. Lucius Clay in his stalemated talks with the Berlin military governors.

A meeting was understood to have been scheduled for this week-end after Washington, Paris, London and Moscow had been asked for fresh instructions.

The Soviet decision to impose restrictions on the airlift, however, has completely confused the issue and made observers more than ever pessimistic that a show-down—possibly of force—can be avoided.

It throws into even gloomier doubt the uncertainties of Russia's intentions — already a complete enigma. Earlier it had been feared that the decision to hold a meeting of the foreign ministers council in Paris on the Italian colonies question would furnish a new complication.

(Continued from Page One)

across the Shenango river from Atlantic avenue to a point near Beaver street had been acquired jointly by the GNCA and the City of New Castle.

To Pass Ordinances
Enabling ordinances to wind up the details will be passed shortly it is anticipated. The city is expected to reserve a site for a service building to house street and sewer equipment. The viaduct, when built would carry traffic of Route 423 and 224 over the Shenango, and into the by-pass where a new bridge over the Ne-shannock has been authorized by the State Highway department.

Other realty matters relating to industrial plant sites were acted

upon but no announcement was authorized pending completion of the negotiations.

Immediately after the board meeting, S. Huston Rhoads called a meeting of the Planning committee and mapped an early conference with city council concerning establishment of building lines and proposed arterial highway improvements. Members of the committee include: S. H. Rhoads, chairman, J. Fred Clarke, Harvey E. Bush, William D. Cobau, E. N. Hamilton, Albert A. Hoyland, Evelyn Spencer, and L. B. Round.

Christopher Latham Sholes is generally considered to have invented the first modern typewriter in 1867.

HAYDEN-NEWHARD

VOWS EXCHANGED

At a quiet double ring ceremony solemnized in the parlors of the First Presbyterian church, Miss Twila Margaret Hayden, daughter of Mr. and Mrs. John Patrick Hayden, of 1019 Lorraine avenue, and Dennis C. Newhard, son of Mr. and Mrs. Harley R. Newhard, of 309 East Meyer avenue, were united in marriage on Saturday, September 4. Dr. R. F. Galbreath officiated at 2:30 o'clock in the presence of the immediate families.

The bride wore a powder blue suit with black accessories and her maid of honor, Mrs. Donald E. Roberts, wore a light gray suit with white accessories.

After the ceremony there was a reception in the church parlor. Mrs. M. McDonough of Coraopolis, a cousin of the bride, and Miss Mary Cavolito were aides.

The bride and groom left by car on a wedding trip through northern Pennsylvania. Both are graduates of New Castle high school.

Mr. Newhard is employed at the United Engineering & Foundry company.

HARTZELL-ROBB

CANDLELIGHT EVENT

By candlelight, before an altar embankment of flowers and ferns in the First Baptist church, Miss Delores Hartzell, daughter of Mrs. Amos Hartzell of Knox avenue, and Dale Robb, son of Mr. and Mrs. Alfonso H. Robb, of 844 Franklin avenue, were united in marriage on September 3. The double ring ceremony took place at six o'clock in the evening, with Rev. Oliver W. Hurst officiating.

Given in marriage by her brother, Howard Hartzell, the bride wore a white gabardine suit with kelly green accessories and carried a white Bible with a white orchid.

Miss Margaret Frazier as maid of honor, wore a kelly green gabardine suit with white accessories and a corsage of yellow tea roses.

Willis Slater was best man, and ushers were Robert Ellis and Mike Saginak. Soloist, Miss Gerrie Robb sang "Because," "I Love You Truly" and the Lord's Prayer.

Mr. and Mrs. Robb left on a short wedding trip, from which they have returned, and have taken up residence with the bride's mother on Knox avenue. Mrs. Robb is employed at the Shenango Pottery and Mr. Robb by the Bell Telephone company.

BUSY FINGERS CLUB

GATHERING ENJOYED

Busy Fingers club members and their families enjoyed the club's annual outing and gathering, Thursday evening, at Venditto's camp, Cottage Grove.

The tasty meal of sausage and pizza was served buffet style on a long table arranged for the occasion. Afterwards group singing around a huge bonfire, and the playing of games proved to be the main pastimes.

An added highlight was the honoring of the birthday of Mrs. Jennie Venditto, and a hankie shower was presented to her. A birthday cake centered the buffet table.

The committee in charge, responsible for the evening's success included: Mrs. Phil Colella, Mrs. Minnie Calazza and Mrs. Louise Maciarella.

On Thursday, September 23, the club will meet at the home of Mrs. Louise Maciarella, Huey street.

P.S. Club

Members of the P.S. club were entertained at the home of Mrs. John Frank of Pennsylvania avenue Tuesday evening.

The evening was spent in an informal social time, with several of the members doing needlework.

Mrs. Thomas Pawlik was presented with lovely gifts from her fellow club members in honor of her birthday.

A delicious lunch was served by the hostess, assisted by Mrs. Julia Polonick.

The next meeting will be at the home of Mrs. Joseph Owoc, of Balph avenue, October 5.

S.S. Club

Members of the S.S. club met with Miss Clara Maciarella, 414 Division street, Wednesday evening.

Games were played, and the door prize was won by Angeline Campoli. Later a dainty lunch was served. Special guests were Mr. and Mrs. Carmen Sheldone and Mrs. Angeline Hoover.

GREENVILLE CHURCH SCENE OF WEDDING

Miss Josephine Klingensmith, daughter of Rev. and Mrs. J. C. Klingensmith of Greenville, became the bride of Edward Weiss, son of Rev. and Mrs. A. E. Simon, 320 Winter avenue, this city, on Friday evening, September 3, at 7:30.

The ceremony took place in St. John's Lutheran church, Greenville-Mercer road, the officiating ministers being the bride's father, pastor of the church, and the groom's step-father, pastor of St. John's Lutheran church of New Castle. The altar and chancel were decorated with baskets of white gladioli, lit by altar and floor candelabra.

At the organ was Mrs. Dean Pressler, Greenville, who presented a program of appropriate music and also accompanied the soloist, Miss Doris Caldwell of Sheakleyville, who sang "Because," "Always" and the Lord's Prayer.

The bride's gown of white slipper satin was simply made with a fitted bodice, long sleeves and a peplum, falling in the back to form a long train. On her head she wore a band of hand-woven Indian lace, a family heirloom. Her handkerchief was also of Indian lace, a gift from Dr. and Mrs. George Gealer, family friends, who are missionaries in India. The bride carried white gladioli. John L. Harmon of Apollo, a long time family friend, gave the bride away.

The bride's only attendant was Miss Ruth Simon, step-sister of the groom. Her gown of peach satin was exactly like the bride's but had a peplum instead of a train, and cap sleeves. She, too, carried white gladioli.

Mr. Weiss chose as his attendants Don Saltzman of Oil City as best man, and as ushers Leslie Smock of Greenville, Elmer Slezak of Farrell, all fraternity brothers, and Robert Loomis of Greenville and George Klingensmith, the bride's brother.

Following the ceremony a reception was given in the newly remodelled basement of the church to 175 guests. At the table adorned with pink and white gladioli and candles, Mrs. Robert Miller of Greenville presided at the coffee service, and at the punch bowl Miss Yvonne Callahan of Greenville, whose wedding was an event in the same church two days later.

The bride is a graduate of DuBois high school, 1946, and a member of the junior class of Thiel college, where she has been a member of the chorus and the girls' sextette, and of Alpha Sigma Pi sorority. The groom is a graduate of New Castle high school, served three years in the Marine Corps, is a Junior at Thiel college and a member of the Lambda Chi Alpha fraternity.

Mr. and Mrs. Weiss left on a wedding trip to Tulsa, Okla., where they will be guests of the groom's brother and sister-in-law, Mr. and Mrs. Charles Weiss. After Sept. 20 they will be at home in an apartment at 77 Stewart avenue, Greenville.

The bride was honored at several showers in recent weeks, including a dinner given by Miss Florence Hopkins, Thiel college librarian, and a linen shower at the home of Mrs. Floyd Bortz, Kremis. After the rehearsal on Thursday evening a luncheon for the wedding party and immediate families was given in the home of the groom's parents in New Castle.

WOLVES CLUB

AUXILIARY MEETS

Members of the Wolves club auxiliary met Wednesday evening for dinner at The Castleton. Dinner was followed by a short business meeting. Plans were made to entertain the husbands of the members at a dinner and card party.

An informal social time was enjoyed during which time the ladies fashioned hats, with prizes awarded to Mrs. Mary Gennaula for the most unusual hat, Mrs. Rose Lombardo for the funniest and Mrs. Lena Frediani for the prettiest.

The ladies then enjoyed a tea party.

The next meeting will be Monday, October 4, at The Castleton.

Suspend New York Exporter's License

(BULLETIN)
WASHINGTON, Sept. 10.—(INS)—The Office of International Trade today suspended export licenses of Murray M. Nelson, New York exporter.

The action came as a senate committee heard testimony that letters from buyers and sellers in four different countries were written on the same two typewriters.

Nelson had filed the letters, purporting to be from New York suppliers and from buyers in India, Syria and Portugal, to support seven applications for export licenses early this year.

Ira Gullickson, Washington police department document expert, told the Ferguson senate investigating committee that in his "opinion" the typewriting all was done in Nelson's office, which is at 277 Broadway, New York.

SOCIETY CLUBS

COUNTY GARDEN CLUB LUNCHEON PROGRAM

Opening fall luncheon meeting of the Lawrence County Garden club took place Thursday afternoon in the home of Mrs. John E. Elliott, 314 Berger place, with Mrs. A. B. Fankhauser as co-hostess. Luncheon was served at one o'clock from a table centered with an arrangement of red and pink roses and Heavenly Blue morning glories. Mrs. James W. Moorehead presided.

Members took flower arrangements representing book titles and these were placed about the dining room and later members guessed the titles represented. Mrs. Ralph G. Campbell won the prize.

In answer to roll call members told "My Favorite Weed". The meeting was turned over to Mrs. Robert W. Lamoreaux, chairman of the program committee, who in turn introduced Mrs. Russell Urmon who gave an excellent and very entertaining review of the book, "Our Flowering World" by Rutherford Pratt.

Mrs. J. D. McClelland, of McAllen, Texas, a former member who was present told of some experiences since living in Texas and told of the flowers there and of some flower shows.

Other special guests were Mrs. W. J. Connery, Mrs. David Connery, Mrs. James Jeffers, of Jamestown, Pa., and Mrs. Alfred Borrell, of Haddonfield, N. J.

October 7 the club will meet with Mrs. H. B. Richards, 505 East Meyer avenue, with Mrs. Russell Urmon as co-hostess.

DRUSCHEL-PHILLIPS CHURCH CEREMONY

At a quiet but impressive wedding in Central Christian church at 7 o'clock Tuesday evening, September 7, Miss Eleanor R. Druschel, daughter of Mr. and Mrs. Fred Druschel, of 1415 East Washington street, became the bride of William R. Phillips, son of Mr. and Mrs. William A. Phillips, of 1308 Pennsylvania avenue. Rev. James N. Rainey officiated.

The bride wore a white suit with navy accessories and a corsage of orchids. As her only attendant, Miss Dolores Finch wore a green suit with brown accessories and a corsage of tea roses.

Robert Gregor served as best man.

Following the ceremony a wedding dinner was served in the home of the bridegroom's parents.

The newlyweds left on a trip to an undisclosed destination and upon their return will be at home at 108 North Mercer street. Mrs. Phillips, a graduate of New Castle high school, is employed at the Bell Telephone company as an operator, and Mr. Phillips, a veteran of World War II, is at present with the B. & O. Railroad company.

PHYLLIS DEAN SHOWER HONOREE

Miss Phyllis Dean, bride-elect of this month was feted at a shower given in her honor, Thursday evening, by Miss Helen Kader at an inn near New Wilmington.

The evening was spent in an informal social time and the guest of honor received many lovely gifts.

A delicious luncheon was served at a table prettily appointed in a pastel rainbow color scheme, with a centerpiece of beautiful fall flowers and favors of hand made crocheted boys and girls. For entertainment the hostess had arranged for her guests to have their tea leaves read.

Miss Dean, daughter of Mr. and Mrs. John B. Dean, of 1910 Delaware avenue, will become the bride of Owen Ransom, son of Mr. and Mrs. George N. Ransom, of 502 Croton avenue, at an open church wedding Tuesday evening, September 14, at 7:30, in the First Baptist church.

State Slaughter
Of Meat Animals
Shows Increase

HARRISBURG, Sept. 10.—(INS)—The state agriculture department today reported the slaughter of all meat animals increased in Pennsylvania during the first five months of 1948, despite a decline throughout the nation.

The state, with approximately 1800 licensed commercial establishments, ranks sixth among all states in the slaughter of cattle, according to the department.

Slaughter of beef cattle between January and May totaled 315,000 head, an increase of 10,000 over the comparable period of 1947. Calves at 385,000 head showed an increase of 56,000 while sheep and lambs gained 15,000 head to a total of 115,000 for the period. Hogs declined 121,000 head to 1-137,000.

Pointing up the trend among farmers to market lighter animals, the department said the total poundage for all species during the period was 620,300,000 pounds, a drop of 10,000,000 pounds.

The Great Lakes have a surface of 96,000 square miles in a drainage basin of 300,000 square miles.

LOOKING AT LIFE

(Continued from Page Four)

down in a jiffy if people had a little will-power.

But there was one thing my television man was extremely interested in: "Who'll win the World Series this year?"

And he hoped that my set would work well enough so that I could see the ball games all right.

Then I told him a little about my "snap."

I told him about the fifteen and sixteen-hour days I put in when I was a "working man" (alias newspaper reporter). I told him about my seven-day-weeks and my twelve dollar-a-week pay envelope.

I told him how, in those days, if a fellow kicked about pay or hours or working conditions he'd get fired.

I told him about the hours and hours of reading I put in even now; about the hectic years of newspaper life; about the worries and anxieties of the executive jobs I held in later years.

I told him about my heart attack and my doctor bills.

By that time he had finished his beer and climbed back into the tree.

I guess I'll stick to my job," he said. (Copyright 1948, by King Features Syndicate, Inc.)

Special Japanese

Beetle Quarantine

HARRISBURG, Sept. 10.—(INS)—A special Japanese beetle quarantine on heavily-infested southeastern Pennsylvania counties today was ordered lifted effective September 15 for fruits and vegetables and September 30 for bulk shipments of cut flowers.

The State Agriculture department reported that all beetles will have gone underground by the latter date.

The quarantine has been in effect since June 21 in 13 counties. It applied only to movements of fruit, vegetables and cut flowers outside the area.

The quarantined counties are: Adams, Berks, Bucks, Chester, Cumberland, Dauphin, Delaware, Lancaster, Lebanon, Lehigh, Northampton, York, Montgomery and Philadelphia.

Survivors Disclose
Grim Story About
Circus Disaster

PANAMA CITY, Sept. 10.—(INS)—A grim story of a Caribbean ship disaster in which a vessel carrying an entire circus—including lions and tigers—sank mysteriously was disclosed today by 13 survivors.

The survivors of the Honduran ship Euzkera were picked up by the Norwegian vessel El Caribe, which yesterday radioed the information to the U. S. Caribbean Air Command at Panama.

It is believed that 45 others aboard the ill-fated Euzkera perished in the unexplained tragedy, which took place last Wednesday.

Entire families of circus artists and skilled entertainers were feared lost in the sinking. Survivors said that the Euzkera sank so quickly that the crew could not launch lifeboats.

Court House

**Six Liquor Cases
Heard By Board**

Registration Total Will Be
At Least 6,000 Short
It Is Anticipated

**OTHER EVENTS
IN COURT HOUSE**

Six liquor cases were on the list
Thursday when Examiner James
Cris opened a two-day session of
hearings upon violations.

Listed for various offenses were
the Streamline Cafe, Rainbow Gar-
dens, Coney Island Lunch, Law-
rence Confectionery, The Wheel
and the Normandy Cafe.

For the most part the alleged
violations were the same: Sale to
minors, sale to intoxicated persons
and to persons of known inter-
temperate habits.

REGISTRATION TOTALS

Lawrence county voters will go
to the polls on November 5, but
with a vast shortage of eligible
voters. The probabilities are the
total registration will hardly ex-
ceed 41,000. This as against 46,138
in 1940.

On March 11, 1948, there were
38,763 voters registered on the
books of the Permanent Registration
Commission. As of noon
Thursday the total had risen to
40,546, a net increase of 1,783. In
the past six weeks the county com-
missioners have had about 20 spe-
cial days, registrars sitting in var-
ious parts of the county in order
to permit voters to register with
little inconvenience.

Some effort was made to get
voters registered by nothing like
in other years. The promised
drive for registration by organized
labor failed to materialize to any
extent and the result is that an
estimated 7000 to 8000 voters in
this county will sit this election
out.

In 1940 there were 46,138 regis-
tereds. In 1941, 44,557. In 1942,
43,258. In 1943, 39,909. In 1944,
41,263. In 1945, 40,076. In 1946,
41,536. In 1947, 39,563.

The present registration of 40-
546 is divided as follows: Republi-
cans 20,091; Democrats, 11,093;
Prohibition, 187; No Party, 181;
Independent, 38; Socialist, 7; Pro-
gressive, 2.

The Progressive registration has
increased 100 per cent. For many
years there was but one voter reg-

istered as a Progressive. This
year there are two.

Saturday, September 11, at 6
o'clock is the last minute to regis-
ter. The registration office will
be open until 6 o'clock. When the
doors close Saturday night those
who are unregistered will have
shut themselves out of a vote for
there is no way to open the books
after September 11 until after the
election.

HABEAS CORPUS HEARING
A habeas corpus hearing will be
held Saturday morning in the case
of Miss Phyllis Rubino. Miss Ru-
bino was sentenced to the Alle-
gheny county workhouse by Mayor
John F. Haven for vagrancy. Thru
her attorney she has asked dis-
charge through a habeas corpus.

Recipes On Foreign Dedicacies
Published In New Books A
Boon To Good Cooks

Library patrons will recall with
a chuckle two books of several
years ago, "Suds in Your Eye"
and "High Time," by Mary Las-
well, who also authored Mrs. Ras-
mussen's book of "One-Arm Cook-
ery." Mrs. Laswell is an enthusi-
ast for good food and believes
that if warring nations could just
invite each other in for dinner
they probably would decide to call
off the shooting. She is quoted as
saying "when you live next door
to an Italian family you learn to
enjoy their spaghetti and ravioli
and in return pass on grand-
mother's pet recipe for peach
short cake. It all makes for good
international relations."

"She's got something there"
agrees the library borrower who
has used not only Mrs. Laswell's
book but the "Questing Cook" by
Ruth Gottfried; "Clementine in
the Kitchen" by Samuel Chamber-
lain, a book of French cooking;
and "The Hungarian-American
Cook Book," by Rosa Grech. These
books and others on foreign cook-
ery may be borrowed. A recent
acquisition in the reference de-
partment is Given's Modern En-
cyclopedia of Cooking in two vol-
umes.

Variety may be added to home
menus by the use of these books.
Balsa wood, lightest of all woods,
even of true cork, is nearly white
or sometimes tinted with red, and
showing practically no distinction
between heartwood and sapwood.

**Hope Of Marshall
Plan Prevented
Fall To Communists**

WASHINGTON, Sept. 10.—(INS)
—ECA Administrator Paul Hoff-
man asserted Thursday that France
and Italy would have fallen to the
Communists six months ago "if it
had not been for the hope of the
Marshall plan."

Hoffman made the statement in
appealing to about 200 trade as-
sociation representatives for help
in the government's domestic scrap
drive.

He declared that European re-
covery and expanded steel produc-
tion at home are both dependent
upon increased steel production
"which can only be accomplished
by a greater flow of scrap."

Hoffman, Commerce Secretary
Sawyer, Undersecretary Paul Drap-
per and Thomas J. Hargrave,
chairman of the National Munici-
pals board, called on steel manu-

facturers, industries having large
quantities of obsolete equipment,
farmers and auto wreckers to in-
crease the scrap flow.

Hoffman said:
"In Great Britain, France and
the Ruhr, steel production is go-
ing up steadily. If it had not been
for the hope of the Marshall plan,
I am quite certain that Italy and
France would have been in the
hands of the Communists six
months ago."

"If that had happened all of

western Europe would have been
imperialized. The reality of the Mar-
shall plan, however, has removed
that peril."

PLAN FULLER LIFE

DENVER, Sept. 10.—(INS)—A
fuller life for generations yet un-
born throughout the Americas may
result from a conference now be-
ing held in Denver.

Delegates and observers from
every nation of the Western Hemi-
sphere are attending the city's

first international conference to
discuss the problem of an increas-
ing population versus dwindling
national resources.

Sixty-four official delegates,
many of them high state officials,
from 20 nations, arrived in Colo-
rado's capitol as early as last week.

The "Argonauts of '49" was a
name applied to the fortune seek-
ers who emigrated to California in
the years immediately following
the discovery of gold in 1848.

FLASHY THIEF

LOS ANGELES, (INS) — Loud
blue and yellow socks led to the
arrest of robbery suspect William
L. Haygood, 34, Walter E. Morris
reported to police he had surprised
an intruder, who was clad in blue
and yellow socks. Police later
spotted Haygood identified as an
ex-convict, walking down a street
still wearing the flashy legwear.
Morris identified Haygood as the
thief.

Accountants Wanted!
Business, government, and industry are urgently seek-
ing those who are prepared in Accounting. Positions
are paying exceptionally high salaries, and many pro-
motions are being made. Business positions offer year-
round income, pleasant environment, stimulating asso-
ciates and a place of respect in the community. And,
best of all, they offer opportunity for security in the
years to come.

A Thousand Different Positions!

A knowledge of accountancy is required in every de-
partment of a successfully managed business. The U.
S. Government's compendium of occupational title
show there are 115 different kinds of bookkeeping jobs
that can be broken into several hundred divisions. It
is estimated that those trained in accountancy possess
a skill which can be used in a thousand different po-
sitions! Some of the positions which require consid-
erable knowledge of Accountancy are: President, General
Manager, Comptroller, Treasurer, Secretary, Credit
Manager, and Auditor.

Accountancy Opportunities

Accountancy is a stepping stone to an executive po-
sition, as well as being in itself one of the highest paid
vocations. Certified public accountants in a recent
year averaged net incomes of \$5,000—more than doc-
tors, lawyers, or dentists. Civil Service accounting
positions pay from \$2300 to \$7000 per year.

Accountancy training will qualify you for more rapid
advancement, and for security in competition for sur-
vival now that the war is over. It will prepare you for
leadership—not for just a job. The demand for those
trained in accountancy exceeds the existing supply.
Authorities estimate that the increased demand for ac-
countancy trained men and women will not reach its
crest for several years.

NIGHT SCHOOL

Secretaries Wanted!

A well-known personnel manager reports, "The mar-
ket is flooded with incompetent workers, but applicants
who are really qualified are hard to find."

To benefit by today's opportunities, you must have
more than the desire to work in an office. You must
have specialized training. For your protection you
will want to be so efficient that you will be retained
and win advancement.

Beginning salaries for stenographers, bookkeepers, of-
fice clerks, etc. run up to \$175.00 per month. The
demand is terrific. Rapid promotions are being made.

Be Ready in Time!

Young women who wish to be ready for the prosperous
times that are inevitable cannot wait to complete a
four-year college course. The need is too urgent.
In a relatively few months you can become a thorough-
ly trained secretary, stenographer, or accountant.
Our Employment Department, always in close touch
with business offices, reports unprecedented demand
for graduates. Our problem is not to find good jobs—
but to recruit new students, quickly enough to fill the
urgent demand.

College-Grade Student Body!

You will like your classmates here. You will meet
high school graduates and former college students who
are training to become successful men and women.
There are also more mature people who are training
to serve in offices. Spacious classrooms and up-to-date
equipment will create a pleasant professional environ-
ment for your training.

Agencies Plan
For Handicapped
Hiring Campaign

'National Employ The Physically Handicapped Week'
October 3 to 9

October 3 to 9 will be known as "National Employ The Physically Handicapped Week" and in view of the local effort to make this period as great a success as in 1947, representatives of agencies throughout the county met in an organizational session last night at the State Employment office on Washington street.

George Gettings, manager of the PSES office in the city, coaxed the meeting, introducing Austin A. Webb, retiring chairman, who in turn introduced J. M. Daugherty, chairman of the committee for hiring the disabled and an employee of the state branch here.

Mr. Daugherty outlined the objectives of the program, which are:

1. To promote year-round employment support by the public and particularly employers in employing of otherwise qualified but physically handicapped workers, veterans and non-veterans.

2. To publicize the outstanding performances of physically handicapped workers when properly placed.

3. To inform physically handicapped men and women of rehabilitation, training and placement services and encourage them to use these services.

It was pointed out that the local office is averaging 14 placements per month, of which nine are veterans. The active file has a total of 106 applicants for jobs, of which 37 are veterans.

Named to succeed Mr. Webb as the 1948 chairman of the campaign was Wesley Davy. In the near future he will appoint heads of the following committee: publicity, contact, speakers, display and awards.

Among those who delivered remarks at the meeting were Worrell Jones of the Veterans Administration, F. A. Raeffele, Association of the Blind, and Robert Kneeder, Bureau of Rehabilitation of Pittsburgh. All gave favorable reports on the growth and success of this annual effort and believe the 1948 drive will be even greater in the number of disabled persons placed in jobs they are fitted to fill.

Attending the meeting were the following representatives of city and county agencies and businesses: J. A. Bell, Neshannock Post of VFW, F. D. Raeffele (Association of the Blind), Worrell Jones (VA), Margaret Brown (Federation of Junior Women), Mrs. Louise McConnell (Red Cross), Charles Bashew (Sears-Roebuck Co.), Mr. Ruth Martin (Women's club of Bessemer), Ralph T. Jordan (representing the American Legion) and the following personnel of the State Employment office: J. M. Daugherty, George Gettings, M. L. Blasucci, E. H. Forney and Wilda K. Patterson.

The next meeting of the group will be held Thursday, Sept. 16, at the PSES starting at 2:30 p. m.

NATIONAL GUARD DAY

HARRISBURG, Sept. 10.—(INS)—Pennsylvanians today were urged by Gov. James H. Duff to observe National Guard Day September 16.

Duff suggested Pennsylvania's National Guard be singled out for special consideration as "one of the finest, most efficient and powerful units in the country."

He also endorsed the Sunday morning prayer period September 19 proposed by the laymen's movement for a Christian world to seek divine guidance for the next session of the United Nations general assembly. The assembly will convene September 21 at Paris.

Swimming Classes

Start September 13

The Recreation Board has announced that swimming for adult girls will be continued at the George Washington and Ben Franklin pools every Tuesday and Thursday evenings, starting September 13 and closing November 19. Two classes will be held each of the two evenings. One class from 7:00 to 8:30 and another from 8:30 to 10:00 p. m.

A competent Red Cross water safety instructor will be in charge of each pool and will give instruction to beginner, intermediate and advanced swimmers. Red Cross cards will be issued to all girls who are able to pass the various swimming tests. All required strokes for Senior Life Saving will be taught.

At the close of the course all those who have passed their required strokes will be given an opportunity to take their Senior Life Saving test.

All girls who are interested in swimming are asked to register at once. The locker and pool fee will be \$2.00 for the entire course.

Please send your fee, and signify the pool and class hour in which you wish to enroll, to Arthur Alexander, Recreation Director, City Hall, New Castle, or call 2288 and enroll with Leah Dietterle.

Poor Poorhouse, One Occupant

PARIS, Ill.—(INS)—The Edgar county poorhouse at Paris has had but one inmate since 1937—the year the Illinois old age pension plan became effective.

For this reason, the county board of supervisors voted 7-3 recently to sell the two-story brick building. Proceeds from the sale were to go towards the proposed \$33,000 purchase of a 40-room hotel to be converted into a nursing home.

However, state's attorney W. L. Dillavou advised the county legislators of a legal snag. He said an affirmative vote of 12 of the 18 supervisors was necessary before county realty could be sold.

Ten votes are all that the legislators can muster in favor of the proposed sale.

So, county poorfarm steward O. E. Craig continues to care for the one dependent.

HERE FOR WEDDING

Rev. Paul H. Richards, son of Mr. and Mrs. T. Humphrey Richards, of Raymond street, and his wife, are here to attend the wedding of the former's sister, Miss Gwendolyn Mae Richards to Robert

L. Slack, which will take place this evening.

Rev. Richards, who is a divinity student at Union Theological Seminary at Richmond, Va., will assist with the ceremony. He will serve as assistant pastor at a New Orleans Presbyterian church during the coming year.

FIRE PREVENTION WEEK

WASHINGTON, D. C.—(INS)—President Truman, the governors of the several states and the governor-general of Canada will proclaim October 3 to 9 as Fire Prevention Week this year. The slogan for the 1948 Fire Prevention Week campaign is "Help Yourself to Fire Prevention".

Call Is Issued For 400 Volunteers In Chest Fund Drive

S. L. Lockley, general chairman of the Community Chest drive, called today for 400 volunteers to help in the annual Chest campaign. That is his estimate of the number needed to do a thorough job this year. While the amount required this year has not yet been determined by the budget committee, quotas announced in other communities to date have been somewhat greater than last year. Indications are that most of the local agencies also will require increased funds for operations next year.

"We are determined," Mr. Lockley said today, "to give every citizen of New Castle and vicinity the opportunity to do his or her share for their community in this chest campaign. We need volunteers to help do the job. There are many who have taken part in chest campaigns year after year. Naturally, we want these folks to continue their fine help. But there are many who are interested in the welfare of the community who have seldom put this interest into action. Perhaps they have not been asked directly to do so, but we want them in the drive this year."

"Anyone who is willing and able to help is asked to call Chest headquarters, phone number 2372, for assignment to one of the teams now being organized."

Government Plans To Intervene In Western Oil Strike

SAN FRANCISCO, Sept. 10.—(INS)—The U. S. Government prepared today to intervene in California's refinery strike after banning oil and gasoline exports from West Coast harbors.

In another move to allay a growing fuel famine, a million gallons of gasoline are being rushed from the Midwest to the Los Angeles area where the shortage is most acute.

Simultaneously, the six affected refining companies were engaged in separate talks with representatives of 15,000 CIO strikers. An official of the oil workers' union acknowledged, however, no "indication of agreement" had developed.

The Federal Conciliation Service warned it is prepared to intervene in the negotiations at any moment. The government agency termed the six-day-old walkout "of grave concern to our nation."

Attlee Leaves His Hospital Bed To Meet With Cabinet

LONDON, Sept. 10.—(INS)—Prime Minister Attlee left his hospital bed today to preside at a cabinet meeting on the grave Berlin situation.

A large crowd applauded the return for a "few hours" of the prime minister to his 10 Downing street residence and office.

The cabinet went into immediate session under Attlee who has been under hospital treatment for duodenal ulcers.

Foreign Secretary Ernest Bevin will report to the session on the latest developments in the former German capital and on the Moscow negotiations to reach a Berlin settlement.

Slippery Rock Youth Will Gather Sunday

Monthly preaching service of Slippery Rock District Youth council will be held in Princeton Memorial Presbyterian church Sunday evening, September 12, at 8:15 o'clock.

Members of the council will conduct the program, when special music will be offered by the Princeton choir, Dr. C. W. Cochran, pastor of the host church, will speak on the theme, "Youth's Rejoicing and Richness."

COST ACCOUNTANTS TO HAVE MEETING

The first fall meeting of the 1948-1949 season of the National Cost Accountants will take place on Wednesday, September 15 at Tippecanoe Country Club, Youngstown. David E. Jones, prominent attorney of Youngstown, will speak. A dinner will take place at 6:30 p. m.

Truman To Make His Final Speech In New York City

By ROBERT G. NIXON
(U. S. Staff Correspondent)

WASHINGTON, Sept. 10.—President Truman will deliver his campaign "knockout punch" in New York City.

The Chief Executive will speak at Madison Square Garden the latter part of October, just before the November election.

Mr. Truman will make New York City the site of almost his last major re-election appeal during a four-day stumping tour of Pennsylvania, New York state, lower New England, and winding up in New York City.

The Madison Square Garden speech will be made only a couple of days before the President completes his campaign with speeches in his home state of Missouri. The President will conclude his

Report New Type Plastic 'Iron Lung'

NEW HAVEN, Conn., Sept. 10.—(INS)—Yale university today announced the development of a rubberized cloth or plastic sheet "iron lung" respirator which could be carried in a suitcase and mass produced at low cost.

The university said that a model of the "lung," which can be collapsed and folded up, already has been tested successfully on an experimental animal. A man-sized respirator of this type has been designed and is expected to be developed on a commercial basis.

The university said the new type respirator is designed primarily for use in infantile paralysis cases. If commercial development is successful, the cloth respirator will be produced for a fraction of the cost of present metal "lung."

pirator were conducted by Dr. Harold Lampert, research associ- ate in physiology; and Dr. Ralph D. Eichhorn, Dazian and Kresge fellow in medicine. They have been working on the project since last January.

The successfully tested model is 32 inches long and, when fully inflated, weighs less than two pounds.

FACULTY HOUSING
WASHINGTON, D. C.—(INS)—An increasing number of schools are providing faculty housing in order to attract and hold good teachers. The National Association of Housing Officials reports that the housing shortage coupled with the current boom in education has prompted both colleges and grade schools to make dwellings available for their teachers.

Under the new national health program for Britain it is said the people will pay for a part of what they get in medical and hospital service while the government will contribute the rest. And now who pays in the money that the government will use.—Kansas City Star.

Flies Jet Plane Faster Than Sound

LONDON, Sept. 10.—(INS)—Twenty-seven-year-old Briton John Derry today became the first known pilot to fly a jet plane faster than the speed of sound.

A brief ministry of supply announcement yesterday made this disclosure.

An American rocket plane, the X-1, has surpassed the sonic speed, but the craft flown by Derry—a DeHavilland 108—is the first jet plane which any nation has revealed to have cracked the sonic barrier.

About one of every five persons in the United States lives on a farm.

NO MORE 'DOMINIONS'

LONDON, (INS)—The title of "British Dominions" is likely to become as archaic in the near future as its former grandiose title

of British Empire. Consideration is being given in Whitehall and in the capitals of the British Dominions to the question of creating an entirely new nomenclature. The

"Commonwealth of British Nations" is most likely to be the new description.

S.S. Legion 176 To Sell Poppies

Service Star Legion No. 176, will have its poppy day sale on Saturday, September 11, and local girls will endeavor to sell poppies in the downtown area.

Proceeds for this event will be used for hospitals at Aspinwall and Deshon, and also for relief and welfare work in the city. The poppies are made by the disabled veterans.

The Service Star Legion was the first World War organization to conduct a public sale of poppies (May 1919) and adopted the idea of making it a permanent symbol of the sacrifice on Flanders Field using it as a means of raising funds for relief work.

Lunch will be served to the girls selling poppies in the McGowan hall by Mrs. Ethel Murphy, president and committee. Donations are given to all local drives.

State Is Third In Chicken Raising

HARRISBURG, — Pennsylvania farms raised a sufficient number of chickens this year to advance the State from sixth to third place among all states, although the total number showed a decrease of seven per cent from last year, according to preliminary Federal-State surveys announced today by the State Department of Agriculture.

Not considering commercial broilers, Pennsylvania, as the third greatest chicken state in the Nation, is headed only by Iowa and Texas, going ahead of Minnesota, Missouri and Illinois, the survey revealed.

Farmers of the State are credited with raising 32,878,000 chickens from the baby chick stage during the 1948 season. Last year the total was 35,353,000 but the 1948

American Can Co. Employee Picnic

Gathering At Cascade Park Much
Enjoyed; Many Features
On Program

On Wednesday, September 8, employees of the American Can company and their families gathered at scenic Cascade Park to enjoy their annual corn and wiener roast. Festivities got under way in the picnic grove at approximately 6 p. m. when "the chef" vociferated a lusty "Come and get it!" As the throng filed past the steaming pits, appetites were sharpened by aromatic gusts emanated by the steaming corn and sizzling wieners, and to top a perfect meal, members of the culinary committee bedecked in immaculate white gloves and aprons, passed among the diners serving hot coffee.

Following a brief welcoming message by Plant Manager Alan K. Schmidt, the evening was turned over to Gerald Earl, chairman of the sports committee; and contests were held for the youngsters, aged 6 to 10, while all non-participants lined the contest area loudly cheering their favorite contestants. Bingo also was active for those of a less athletic inclination. During all the frolicking, genial Joe Bonfield, manned the public address system (which he suitably named Station CANCO, and in his usual personable manner rambled on in a merry mood to the delight of the crowd.

The evening was climaxed by several hours dancing in Rainbow Terrace with music being furnished by a popular local orchestra. Out-of-town guests included several American Can company officials from New York and Chicago; also several retired employees were present for this gala evening. H. E. Pitzer acted as general chairman.

Mrs. Attilio Plink Fatally Injured
In Automobile Accident In
Miami, Fla.

Mrs. Jennie Lepore, of 510 Lyndal street, this city, received the news of an accident which occurred Monday morning in Miami, Fla., which claimed the life of her sister in law, Mrs. Attilio Plink, aged 23 years, formerly Constance Alexander, of Montreal, Canada, and wife of Attilio Plink, formerly of this city.

The couple had been married for two months, and recently had returned from their honeymoon in Havana, Cuba. Mr. Plink secured a job in Miami, Fla., delivering newspapers for the Miami News, and was on the road in the truck, when the tragedy occurred. According to word received, Mrs. Plink was riding with him, and in some manner the truck was thrown off the road, and upset, Mrs. Plink being killed instantly.

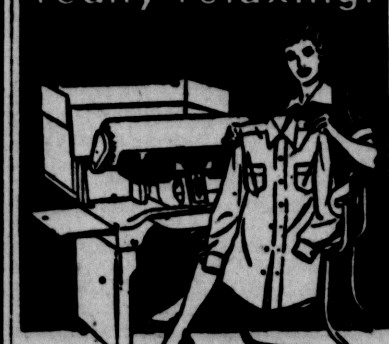

Mr. Plink received minor injuries and was treated at the Belgrade hospital in Florida. The couple are known here, Mr. Plink having been born and raised here.

Anthony Cialella, 702 Lutton street, brother in law, and his daughter, Ann, niece of Mr. Plink and Benny Plink, his brother, have departed for Washington, D. C., where they will meet Attilio Plink and continue with the funeral party on to Montreal, Canada. Funeral arrangements are unknown at present.

SEWER NEAR COMPLETION

Sanitary sewer between Northview and Hazletcroft avenue, being built by J. C. Gilfillan, is two-thirds finished according to City Engineer John Z. Street, under whose supervision it is being constructed.

PROTEST BUS FARES
HAVANA, Sept. 10.—(INS)—Rifle-armed police traveled today on Havana buses to prevent further outbreaks of fare increase violence.

Students yesterday burned three buses and "captured" another which they drove to the University of Havana campus, where it was damaged. Traffic was blocked during the flareups.

A fare boost from five to ten cents on weekday evenings and all day Sunday sparked the violence.

Report On Physical Checkups Of School Children Of State

HARRISBURG, Sept. 10.—(INS)—Results of school medical examinations during the 1947-48 term indicated that approximately 40 per cent of Pennsylvania's school children have remedial defects.

Reporting on physical checkups of 268,786 pupils in fourth class (rural) school districts, the state health department disclosed that 118,127, or about 40 per cent of those examined, had one or more bodily ailments which could be corrected.

Health department officials pointed out that results of examinations in urban and other rural school districts are likely to show similar findings.

Pretty Much Alike
"As a rule, defects found among school children run pretty much alike," said a spokesman.

Tabulation of examinations in the fourth class districts showed that diseased tonsils by far are the most common complaint, with 46,214 pupils suffering from the ailment.

Visual defects ranked second with 36,804 children having eye trouble in some form. Nutritional deficiencies accounted for defects in 17,857 pupils, the department added.

Among the more serious physical ailments, heart defects troubled 7,390 children, while poor hearing was found in 1,377 others. Only 558 showed pulmonary defects.

Can Visualize Need
"From this report . . . it will be possible for local health councils to visualize the amount of corrective work needed in the various

counties," said Health Secretary Norris W. Vaux. "By carefully studying the data the formulation of a satisfactory follow-up program will be possible and should insure better results in obtaining correction of the defects found."

Vaux emphasized that follow-up programs presently are being activated throughout the state to give Pennsylvania "the best school health program in the nation."

Employed School Nurses
He pointed out that the 1947 legislature authorized the employment of one school nurse for each 1500 pupils. School districts are making rapid headway in complying with the law's mandatory provision and many are completely staffed with nurses, he said. In many instances, school nursing staffs have been augmented by state public health nurses, he added.

Physical examinations of school children are carried out under a \$7,000,000 appropriation by the 1947 legislature for the 1947-48 biennium. Children are required to undergo medical and dental checkups every two years.

ARREST CHURCHMEN
GENEVA, Sept. 10.—(INS)—Reports reaching Geneva today said that the Communist regime of Hungary has arrested three of the nation's leading Lutheran church dignitaries.

The Budapest reports declared that Bishop Louis Ordas, Baron Albert Radvansky and Alexander Varga—heads of the Hungarian Lutheran church—were taken.

Austrian Lad New Student At School

Used Instruments Needed For Use In Music Classes Being Started At Mahoning

Having only arrived in this country six weeks ago, Joe Boko, a young lad born in Austria, is starting his American school career at the Mahoning public school. Not understanding the language, Joe's education will be slow tedious process, but his will to learn will enable him to speak English shortly.

According to Fred McLure principal of the Mahoning school, a dual system has been inaugurated in order that Joe might learn much quicker and become accustomed to American habits. A Polish boy, student in the school, has been assigned to the Austrian pupil and acts as sort of interpreter. One of the teachers who has a working knowledge of Polish and Russian is aiding in teaching the foreign born pupil. The teacher-pupil team hopes to have the boy Americanized in a short time.

Within a very few minutes following the opening of the term on Wednesday, according to Mr. McLure, order was established and things were running just as smoothly as though school had been in operation for six weeks. Five new teachers were introduced to the pupils and they soon had everything under control.

One of the highlights of the school curriculum is the instrumental music program in charge of Mrs. Gladys Pollard, staff teacher at Mahoning and Arthur Canning, city instrumental instructor. Boys and girls are eager to learn to play the various instruments but due to a lack of instruments, the classes are not as large as they might be.

The school furnished instruments last year as far as its budget would allow. If any parents have any violins, woodwind or brass instruments that are not in use that they wish to donate to the school, the music instructors would be happy to receive them. This would enable a willing student to become an accomplished musician.

An extra large crop of first graders was enrolled this year at the school, with approximately 90 starting their first year. Three classes of the new students are being operated. No twins started for the first time, but there are

two sets of twins in the school who have been attending for some time. The children are looking forward to the visual education program with many fine films promised by Mr. McLure for this coming year.

SEVENTH WARD NOTES

The W. A. G. Club will meet on Thursday evening, September 10, with Mrs. Walter McDonald, Harlanburg road.

Bunting and decorations from last week's celebration in the ward still remain strung over the streets, it was observed Thursday.

Quite a large amount of freight and other materials are being transported through the Seventh Ward section by the various railroads. Out Montgomery avenue, longer freights are being sent over the crossing there. Quite a large amount of shifting in the yards is being done as freight trains for distant cities are made up.

Farmers in the North Beaver Township area adjacent to Mahoningtown, report that the soil is very dry and almost impossible to do any fall plowing in many fields. Tractor wheels spin around quite freely as the machine attempts to pull a plow through the hardened soil.

Anthony Barattiero of 238 South Wayne street has been admitted to the New Castle Hospital for treatment.

Mrs. Anna Turco of 1008 North Liberty street is undergoing treatment in the New Castle hospital.

David Verdi of 309 West Washburn avenue has improved sufficiently to be removed to his home from the New Castle hospital.

Powerful Union

Supports Dewey

ALBANY, N. Y., Sept. 10.—(INS)—Gov. Thomas E. Dewey won the unqualified support today of the powerful 175,000-member AFL Building Service Employees International Union, which backed the late President Roosevelt in 1944.

A strong resolution of endorsement was presented to the Republican nominee in Albany by a group of union leaders, headed by William L. McFeteridge, of Chicago, general president of the International Union.

David Sullivan, of New York City, president of Local 32-B, with 35,000 members, also handed Dewey a resolution of support from that local.

CLAIM DRIVER

WAS ASLEEP IN CAR ON HIGHWAY

Mike Keshock, Lowellville, O. R. D. 2, was arrested by State police at 3:20 a. m. today at Covert's station after his car, parked on the highway, was struck by an auto driven by John A. Clark, 707 Monroe street.

Clark was driving in the far and rounding a corner, could not get stopped in time to avoid striking Keshock's car which was on the floor of the car, police report.

Keshock was examined by a physician and found intoxicated, and will be arraigned today, State police stated.

TRUMAN PLANNING

WEEKEND CRUISE

WASHINGTON, Sept. 10.—(INS)—President Truman will take a weekend rest, cruising down the Potomac on the White House yacht Williamsburg.

The president and his party will board the yacht this afternoon and return to the White House Sunday evening.

This is Mr. Truman's last free weekend before he begins his campaign swing to the west coast. A week from today he will leave by train for the first speech of his westward trip at Dexter, Iowa, Sept. 18.

Illinois, Indiana, Iowa, Minnesota and Wisconsin grow between 65 and 70 per cent of the sweet corn contracted by canneries.

Telephone Unions Plan Conference On Strike Support

WASHINGTON, Sept. 10.—(INS)—A conference of telephone unions representing upwards of 300,000 workers may decide today whether to support a national phone strike called for Sept. 17.

The walkout has been ordered by the Association of Communication Equipment Workers, with 25,000 members but its effectiveness will depend on whether the other groups observe ACEW picket lines.

This issue may be threshed out at today's parley of leaders of the CIO telephone workers organizing committee, the Independent Communications Workers of America and other independents from New York, Pennsylvania, Maryland and Ohio.

ACEW, whose members install equipment in Bell Telephone exchanges, called the strike against the Western Electric Company—a subsidiary of the giant AT&T network—in a dispute over a new wage agreement.

Jameson Staff Meeting Held

Attends Last Meeting; Gives Farewell Talk

Physician staff members of the Jameson Memorial hospital, gathered for their regular meeting, Thursday evening at 9 o'clock, in the solarium of the hospital, president, Dr. Dave Perry in charge.

This is the last meeting that Robert Youngquist of the hospital attended as hospital administrator. Dr. Perry in behalf of the staff, extended appreciation to Mr. Youngquist for his efforts and help. The latter responded with brief farewell remarks. Mr. Youngquist leaves soon for his new duties at the Buhl hospital in Sharon.

Dr. Paris Shofst of the program committee, later presided as he reviewed the various interesting cases which occurred at the hospital, during the last three months. At the close of the session, lunch was served to the group. Thursday, October 14, is the next meeting.

The watch and clock industry was introduced into Switzerland by Voltaire.

Offers \$5,000 To Save His Son From Execution

NEW YORK, Sept. 10.—(INS)—Retired Furrier Hyman Shaket offered a reward of \$5,000 today in a last-minute effort to save his 31-year-old son from the electric chair.

His offer is for information leading to the capture of Benjamin (Red) Stein, missing member of the trio which in November, 1947, held up the Mayfair Cafe in New York and killed Solly Moss, a union business agent.

The other two members, Milton

Shaket and John Reilly, also 31, were captured after a street gun battle and convicted of Moss' murder.

They now are in the Sing Sing deathhouse awaiting execution next Thursday night. The defense maintained throughout the trial that a single shot which killed Moss was fired by Stein.

Truman Gives Some Plans Of His Campaign

By ROBERT G. NIXON
(U. S. Staff Correspondent)

WASHINGTON, Sept. 10.—President Truman partially lifted the veil of secrecy on his campaign plans Thursday and revealed portions of the schedule for his forthcoming western swing.

The chief executive disclosed to his news conference some details of the western trip, which will see him away from the White House from September 17 through October 1.

Mr. Truman said that he will visit Denver, Colo.; Salt Lake City; San Francisco; Los Angeles; probably a number of points in Texas, and Oklahoma before returning to Washington.

The president expects to make about a half dozen speeches a day from early morning until late at night.

On his further campaign plans, as a whole, however, the president was still keeping things in the dark.

To Go To New York State

Mr. Truman said he will campaign in upper New York state later in his tour and may speak in Albany, the state capital, and official residence of his opponent, Gov. Thomas E. Dewey. The president expects to go into the south, the middle west, and New England between now and November.

To all such questions at his news conference, however, the president gave a smiling reply that such things are under consideration but he would have to let definite announcement be made later.

Mr. Truman did go so far as to give a partial itinerary for his western trip. He will leave Washington September 17 and will arrive in Iowa the following morning.

Will Visit Iowa

He said he might start the day off at Davenport with a speech at 6:20 a. m. He will visit Des Moines and make his main speech of the day at Dexter, Iowa, at a plowing contest.

From Iowa, the president will go to his home in Independence to stay overnight on Saturday, leaving for Denver, Colo., Sunday afternoon.

He said he will speak in Denver on September 20. He will also speak in Colorado City, Colorado Springs, Pueblo and Glenwood Springs.

Mr. Truman said he would be in Salt Lake City, Utah, either the 21st or 22nd. He said he would make a night speech there and then go the following day to San Francisco where he also expects to make a night speech.

The president then will go to Los Angeles.

Mr. Truman said he didn't want to talk now about his itinerary after the Los Angeles stop because many of the places and dates have not yet been firmed down.

Plan To Operate On Child's Heart

CHICAGO, Sept. 10.—(INS)—The parents of a 7-month-old Springfield, Ill., baby placed their hope today on a surgeon's skill in an effort to save the child's life.

The surgeon, who preferred not to disclose his name, said that the child, Mary Carol Alewelt, can not survive unless a delicate operation is performed on her malformed heart which is shaped like a boot.

The baby will enter the Cook county hospital for preliminary tests within a few days, and the operation will be performed later. Her parents, Mr. and Mrs. Joseph Alewelt, said:

"We prefer to take the chance of Mary's dying in order to give her a chance for a normal life."

Pension Check
Paid Thursday

By PHILLIPS J. PECK

(L. N. S. Staff Correspondent)

WASHINGTON, Sept. 10.—John
L. Lewis climaxed a three-year
battle with soft coal operators
Thursday by presenting the first
\$100-a month old-age pension
check to a 62-year-old Wyoming
miner.Payment of retirement bene-
fits from the multi-million dollar
United Mine Workers welfare fund,
financed by a 20-cents-a-ton roy-
alty on coal, were inaugurated in
ceremonies at UMW headquarters.
The UMW president, whose or-
ganization suffered huge contempt
of court fines in the course of a
bitter fight over the welfare fund,
handed the first pension check to
Horace Michael Ainscough, of Rock
Springs, Wyo.Born in England
The recipient was born February
1, 1886, in Lancashire, England,
and has been a coal miner since
1914. For the past 21 years, he
worked in Mine No. 11 of the Union
Pacific Coal Company at Rock
Springs.Because of physical disability,
Ainscough was placed on the dis-
ability rolls of the union welfare
fund last February. Since then he
and his wife, Gwendolyn Rose, 51,
have been receiving \$80 a month
from the fund.The welfare program has been
paying out approximately \$1,250-
000 weekly for many months in
death, sickness, disability and other
claims but today's payment to Ains-
cough was the first old-age pension.Others are expected to follow
swiftly but UMW officials claim it
is impossible to estimate how many
miners will apply. Pensions are
payable to union members 62 years
old, with 20 years service in the in-
dustry, who retired on or after

City Mission Will Start Fall Work

Intensive Religious And Welfare Program Will Be Carried Out During Coming Year

Rev. Cyril Smith, new superintendent of the City Mission, 17 South Mercer street, announced today that the fall program of the mission will be started next Tuesday evening, September 14, at 7:45 o'clock, when Rev. and Mrs. Jerome Ahlstedt and his choir of the Swedish Mission Covenant church will be present to participate and present a program of music and speaking.

Rev. Ahlstedt is an accomplished soloist and his wife a pianist. The choir will furnish group selections. With this program, the new system for feeding homeless men will be established in the mission basement. Hereafter, only transient men passing through the city have been given food and lodging for the night.

Local men who have no home may come in, register, attend the gospel service and then receive a free meal from the mission. Facilities have been set up in the basement to take care of these men. Women of the city will be on hand to assist in the feeding of the men. Men passing through the city will be given a meal and overnight lodging as has been the case in the past. Rev. Smith plans to carry out the initial policy of the mission, to cater to homeless men.

Eventually, services will be held nightly in the mission, with various church groups in the city presenting the programs. Plans are under way to organize a women's auxiliary when clothing which has been received will be repaired and other humanitarian duties be performed.

The need for good warm clothing and shoes still exists. Many falls are being received by the mission for wearing apparel. Since the start of school, the requests have been greater than in the past. Clothing may be brought to the mission or it will be picked up by the mission superintendent.

Union High Boys At FFA Judging

The six boys shown above made up the Union high school teams in the dairy and livestock judging contest for Future Farmers of America groups held at the Stoneboro fair. Competing with other FFA teams, the Union group scored ninth in dairy judging and fifth in livestock. Frank Zappia of Palski township made a score of 545 points, the highest score in the contest.

Members of the two teams are George Lawrence, Mike Lawrence, David Luptak, Frank, Zappia, Jim Hunt and Frank Birub. Their advisor Moreland Thompson, the vocational agriculture instructor at the high school.

Library Circulation Shows Gain In Year

The thirty-seventh annual report of the work accomplished at the New Castle Free Public Library for 1947 was announced today by Miss Alice Sterling, librarian.

In comparison with 1946, there was a circulation gain of 7 per cent noted. In 1946 the library was closed for four and one half months for remodeling, but the branches remained open and showed a gain of 4 per cent circulation over 1946.

Last October 13 the library reopened and the change produced two complete new decks of steel shelving, thus relieving the stack of shelf space. The new lighting was installed.

Two notable gifts were presented to the library. Dr. and Mrs. Joshua Kaplan Memorial Collection in memory of their son with Eliah Kaplan established the gift of \$2,500. This collection will consist of books written to further a better understanding among men. The second was a bequest of \$1,000 from the late Wylie McCaslin, president of the board of trustees from 1913 to 1933. This will be known as the Wylie McCaslin Memorial Fund.

In January 1947, there was a total of 63,871 books in the library, adults and juvenile combined. The total number of volumes listed for January 1948 number 64,650. Books loaned for home use in 1947 totaled 155,565 for the year.

and this is both the juvenile and adult total. New borrowers welcomed were 1,506, and at present the total number of borrowers—juvenile and adult include 21,609.

Other activities in the library includes the meeting of the Great Books Forum twice a month, at which time literature classics are discussed.

Extramural activities consist of leadership in a conference for young people, book reviewing, library talks, attendance at the conference of American Library Association, the Pennsylvania Library Association regional meeting and the V Four County Library club; and weekly broadcasts now having reached to 471.

Mrs. Walter McKee joined the staff in January, of the year. In behalf of the library, Miss Sterling wishes to thank any donor of books.

Telescopes Probe Secrets Of Mars

LONDON—(INS)—Powerful Russian telescopes equipped with various light filters are probing the secrets of the planet Mars.

Moscow Radio, in a broadcast monitored in London, announced the latest Russian discoveries made by Professor Gavril Tikhov. The radio claims that Tikhov is the founder of the new science of astrobotany.

According to Professor Tikhov's report from Leningrad, Martian vegetation changes from green to light blue or blue, depending on the season of the year.

The professor says this is due to the climatic peculiarities of Mars. He points out that on earth a light blue tint is peculiar to certain plants growing in northern countries or on high mountains. He says the vegetation on Mars probably consists in the main of grass-like plants and creeping bushes of a greenish-blue color. Some of them turn brown and dry up in the middle of summer while others preserve their greenish-blue color even in the winter.

In the Polar regions of Mars, continues the report, where the sun does not set during half of the Martian year (the Martian year is nearly twice as long as an Earthian year), the temperature during this period stays constantly above zero.

Professor Tikhov announced that a group of Soviet scientists under his direction will continue to collect data on the color of various formations on Mars and on the changes of color at various seasons.

Crippled Chinese Orphan Gets New Soldier-Father

U. S. Soldier Adopts One-Legged Chinese Boy And Is Paying For Lad's Schooling

NANKING.—(INS)—A soldier of the United States Advisory Group in Nanking has befriended a one-legged Chinese boy and is paying for his schooling, according to a recent report in the Chinese press.

He is Sergeant L. Beckwith, of the medical department, and the boy is Che'en Li-chang, whose father was killed while fighting the Japanese in 1937.

A passing American truck driver saw the boy lying by the roadside and brought him to the hospital. From then on the unit became his guardian. Wearing a cut-down uniform and traveling with his American protectors, Li-chang passed from city to city in China. And as his various "fathers" left the unit, each in turn handed him over to another.

Charge of Sergeant Beckwith. He finally ended up as the charge of Sergeant Beckwith, a devout Christian and a former captain in the Salvation Army.

The sergeant speaking of the boy's upkeep said:

"The biggest expense oddly enough is buying him shoes. Although Li-chang has only one leg I have to buy his shoes in pairs and as he is lively and his weight

is all borne by one shoe it wears out twice as fast as a normal boy's."

The sergeant recently asked Li-chang if he would like to go to America. To his surprise the boy said he could not. He was a Chinese he added, and wanted to live in China all his life.

Wants to Assist Countrymen
Li-chang said he wants to train as a doctor so that he can help his fellow countrymen as he has been helped.

Sergeant Beckwith is anxious to find the boy's real or adopted family and has asked anyone who might know the boy's stepfather (his mother married a second time) to write to him at the Army Advisory Group, Nanking.

Wheat Exports May Be Lower

U. S. Wheat Crop Exports
May Be Trimmed By
Hundred Million
Bushels

By JOHN BOOTE
(U. S. Staff Correspondent)

WASHINGTON, Sept. 10.—The agriculture department indicated today that 1943 wheat exports may be trimmed by 100 million bushels although American grains still will play a major role in European politics.

The department said the "tentative range" for wheat shipments in the 1943-44 crop year is 300 to 350 million bushels. A report added:

"It is assumed that in 1943-44 there will be further recovery in agricultural output in Europe and Asia and more normal production in exporting countries, and that about 75 million bushels will be exported from the USSR and eastern Europe, chiefly to ERP countries.

"In addition to crop out-turn, the financial and political role played by the United States in international affairs will continue to be very important in determining the quantity of United States exports."

The export total for the current crop year is estimated at least 450 million bushels.

About one-third of that amount already has been committed for shipment in the July-September quarter and actual exports are running ahead of allocations.

Part of the rush to get wheat out of the country is due to a desire to relieve pressure on over-loaded storage facilities. The 1943 crop is second only size to the record 1947 yield.

Storage Problem
The storage problem is easing up in the southwest with much of the winter wheat crop either sold or safely stored on farms. It is just developing, however, in the midwest where the spring wheat harvest was delayed to some extent by wet weather.

If farmers should seed as many acres of wheat next year as they did in 1942 and yields are average, the result would be a total crop of 1,165,000 bushels.

A crop of that size would add about 90 million bushels to the carry-over on July 1, 1950, after allowing for both domestic consumption and exports.

Under these conditions, wheat prices again would be pushed below the government loan level during the heavy marketing season as was the case this year.

The overall parity index next year is likely to be lower than this year. The department said lower feed grains and feed stuffs purchased by farmers may reduce the wheat loan level by five to ten cents per bushel.

Exports this year are expected to be about 35 million bushels under the 1947-48 record. A further sizeable slash next year would be a reflection of reviving production abroad. The department said:

"This year, with continued good crops around the world, supplies may be large enough to about take care of the expected demand at current prices and may thereby mark a turning point at which supplies will begin to allow for the rebuilding of stocks."

NASHUA

SHOWER FETES BRIDE

Miss Stella Bully was feted at a shower Thursday evening, Sept. 2, held at White Oaks, with approximately 150 guests present.

The evening was spent playing cards and dancing.

A delicious lunch was served by Mrs. Paul Stewart, Mrs. Ord Genger and Mrs. Sam Bonella and daughter of Youngstown, assisted by a few other friends.

The honoree was the recipient of many lovely and useful gifts.

Miss Bully, daughter of Mr. and Mrs. Mitro Bully of R. D. 1, New Castle, became the bride of John Badila, son of Nick Badila of Edenburg R. D. 1, Sunday, September 5.

FAREWELL PARTY

Mrs. Martha Murphy of Alturas, Fla., was the guest of honor at a farewell party in the form of a corn and wiener roast, held at the home of her cousins, Mr. and Mrs. Roy Schick, on a recent evening. A scavenger hunt was the diversion of the evening.

NASHUA NOTES

Mrs. Maude Patton and Mrs. Martha Murphy have returned to their home in Alturas, Fla., after spending a six weeks vacation among relatives and friends here.

Miss Josephine Snyder has returned to Cincinnati, O., to resume her teaching duties.

Mr. and Mrs. John Proudfoot and Johnnie visited the zoo at Pittsburgh Monday.

Mrs. George Novotny and son of Uniontown spent the week-end at the home of Mr. and Mrs. John Ratvasky and family.

Mrs. Dorothy McKnight is visiting several days at the home of her parents, Mr. and Mrs. Laird Whiting.

LEESBURG

Mr. and Mrs. Paul Collins and Mr. and Mrs. Irwin Moore entertained the Home Builders class Thursday evening at the church.

Mrs. Carmen Hawthorne entertains the Silver Stars class at a wiener roast at her home Friday evening.

Mrs. John Kopf was hostess to the Silver Tea society in her home Thursday. A delicious twelve dinner was served at noon on the spacious lawn of the hostess' home.

Mrs. Clyde Donley was in charge of the devotional period. Mrs. Homer Wilson will entertain the group at the October meeting.

Dick Macom, who works in Philadelphia, spent the week-end at the home of his parents, Mr. and Mrs. Paul Macom.

FACES MURDER CHARGE
PITTSBURGH, Sept. 10.—(INS)—Frank Staggert, 36, was being held for the grand jury today on a murder charge.

Staggert is one of the alleged bandits who participated in the \$25,000 A. M. Myers payroll robbery last May. Police said he shot Francis Klitsch, 42, following a quarrel over the division of the money.

Both Staggert and Klitsch were out on parole from Western penitentiary at the time of the holdup.

Demilitarization Plan For Israel Reported Rejected

TEL AVIV, Sept. 10.—(INS)—Israeli Foreign Minister Moshe Shertok was reported today to have rejected flatly proposals that Jerusalem be demilitarized.

Reliable sources said that he has informed Count Folke Bernadotte, the United Nations mediator, that such a step would leave the Holy City's 100,000 Jews at the mercy of the Arabs, who virtually surrounded Jerusalem.

Bernadotte told a Tel Aviv news conference that he believes that the Palestine situation is "closer to peace" than at the beginning of the present truce.

He said that during his recent visit to Egypt he informed Arab leaders that the problem of Arab refugees from Jewish-held areas must await settlement at final peace talks.

Heavy firing between Jews and Arabs broke out last night in the Mt. Zion area near Jerusalem's old city.

Arab snipers firing from the old city's walls wounded in the leg an American member of the U.N. truce staff.

He was identified as Eric Gormsen, 26, of Wyoming avenue, Long Beach, N. Y.

LIVING COST YAW
ST. PAUL, Minn., (INS)—Under a unique state salary plan, some 10,000 employees of the state of Minnesota recently were granted cost of living pay increases. The Civil Service Assembly reports that Minnesota is the only state in which state employees are granted by law—pay adjustments based directly on fluctuations in the Bureau of Labor Statistics cost of living index. A key feature of the plan is that it operates automatically.

Little Credence Is Given Jap Rumors

TOKYO, Sept. 10. — (INS)—American Army sources in Tokyo gave little credence today to Japanese rumors that fishing boats which disappear or are seized off Hokkaido are blinds for Japanese Communist spies going to Soviet territory.

With the fishing season now in full swing thousands of the tiny boats, most of them just large enough for a crew of four, are scouring the waters off Hokkaido

as close to the new fishing boundaries as possible. To keep track of them is impossible.

These boats use heavy oil or "hot point" engines which burn crankcase leavings instead of regular fuel oil. That many of them would break down and drift across into Soviet territory is not considered surprising in Tokyo.

GULLIBLE BANDIT
CHICAGO, Sept. 10. — (INS)—Chicago police were looking today for a gullible and amiable bandit.

When the bandit demanded money at Manson's restaurant in

Chicago's Loop yesterday, Miss Grace Burke, cashier, protested: "All I have is change."

"O. K.," said the bandit and walked out.

Later Miss Burke told police she had \$300 in the cash drawer and \$500 in another drawer.

POLICE MATRON ROBBED
CHICAGO, Sept. 10. — (INS)—A Chicago police matron had plenty of explaining to do today.

Miss Johany Cotton was riding in a street car when a youth seized a purse from her handbag and leaped from the moving trolley. The purse contained her police badge and \$35.

Babson Discusses Income In U.S. In Past Few Years

By ROGER W. BABSON
(Copyright, 1948, Publishers Financial Bureau, Inc.)

BABSON PARK, Mass., Sept. 10. — I am a statistician and not a politician. Moreover, I always vote the Prohibition ticket rather than that of either of the two big parties. Hence, perhaps I am not worthy to discuss politics. But — as my mother used to say — "I like to see even the devil get his due." Therefore as the presidential campaign is now opening, the members of both parties should ponder over the following figures.

What the Record Shows

With all the cussing we give President Truman, statistics show that since his administration this country has had the highest national income in its history. At the risk of repeating some facts which I have already stated, let me emphasize that the volume of U. S. business has been above normal for the last ten years (including four of war effort). In fact, the national income for 1947 will be about \$215,000,000,000 compared with \$40,000,000,000 when Roosevelt became president. This fourfold increase consists of a doubling of goods and services produced and a doubling of prices.

This record really outdistances the boom era of 1922-1930. The volume almost fell to the normal line in 1940 as in 1924; it came within four points of the normal line in 1945. From this point, however, it recovered to a new all-time high within a period of one year. During 1947 and so far in 1948 the volume has run at record highs. The volume of business today stands at 28 per cent above normal. This is close to the April 1947 all-time high and 24 points above the low point of 1945.

Comparing the '40's With the '20's
There is considerable difference between the boom period of the past ten years and the so-called Coolidge boom of the twenties. The prosperity period of the twenties was a post-war boom culminating in a period of drastic uncontrolled stock market inflation and frenzied speculation. The business of the last ten years consisted of a war and post-war boom culminating in a period of uncontrolled wage inflation which may result in a similar collapse.

During both the early '20's and '40's peacetime goods were reduced to a minimum creating a pent-up demand for consumers goods which to this day is not completely satisfied. This is further being aggravated somewhat now by stockpiling of war material again and the shipping of billions of supplies to Europe.

So far there is as yet no overproduction of consumers goods; but in some few instances the supply is beginning to catch up with the demand. There are still shortages in automobiles, steel, non-ferrous metals, electrical equipment, new homes and several other capital goods. The inflation at the present is not in the stock market but in wages and the concomitant high prices.

If this country is headed for a lower national income and the natural decline in business going therewith, I cannot imagine why either Mr. Truman or Mr. Dewey wants to be president. If I were Mr. Truman I would want to retire in my glory; while if I were Mr. Dewey, I had rather wait four years and see what happens to the country in the meantime. Based upon Newton's law of action and reaction, whichever is elected is sure to face hard times and — unless "saved" by World War III — will probably be defeated in 1952.

What John Q. Public Should Do
Yes if we all — employers and wageworkers — would be willing to work harder and give the consumer more for his dollar, the United States could continue to enjoy present good business for sometime to come. If we consumers would be willing to change our buying habits in accordance with demand and supply, this would prevent prices from going any higher.

If we would encourage the government to cut its pay and relief rolls in halves and put millions of people back into industry, it would both reduce taxes and the labor shortage. There is much that each

reader of this column could do to prolong prosperity; but are we willing to do so? Remember that politics are only an echo of what we ourselves are willing to do. A river does not run higher than its source.

Husband Held In Investigation Of Missing Wife

NEWARK, N. J., Sept. 10. — (INS)—Newark police jailed 32-year-old Edmond Le May early today on complaint of Milwaukee authorities who said they wanted him for questioning in connection with the disappearance of his wife Cecilia, June 15.

Le May, an executive of a hair and felt company, was roused from his sleep by detectives who said they found him living with Mrs. Eva Clark, a comely widow and a friend of Mrs. Le May.

Newark police said Le May's only explanation of his wife's disappearance has been "she left me." Police said they arrested Le May on telegraphic request from Milwaukee authorities which charged him with forging his wife's name to a farewell note.

Processing Of U.S. Wheat Crop Faces Troubles

MINNEAPOLIS, Sept. 10. — (INS)—Processing of the nation's bumper wheat crop was halted on one side today and threatened on another.

Negotiations between the striking AFL-grain processors and Minneapolis-St. Paul milling companies in their wage dispute remained at a standstill. AFL-grain handlers in the Duluth, Minn., area were considering a walkout to enforce pay demands. Federal Conciliator Carl Carlgren went to Duluth, where much of the harvest is shipped to eastern milling centers, in an effort to effect a settlement before a work stoppage is called.

Meanwhile, the strike against Pillsbury, International, Standard, Russell-Miller and Priority continued in Minneapolis over demands for a 20-cent-hourly increase.

'Poultry Week' Set By Duff

HARRISBURG, Sept. 10. — (INS)—Governor James H. Duff today designated September 12-18 as "Pennsylvania Poultry Week" in tribute to the state's \$300,000,000 a year poultry industry.

In a statement, Duff pointed out that the commonwealth now ranks as the third greatest poultry producer in the nation. The industry, in the past 50 years, has advanced its egg output from 65,000,000 to more than three billion a year, he explained.

"It is appropriate that citizens—the consumers of Pennsylvania poultry and poultry products—pay tribute to this important agriculture enterprise and join in state-wide observance... in deserving recognition of our Pennsylvania poultrymen," he stated.

Pennsylvania poultrymen will mark their achievements next week when the 11th annual poultry industry exposition of the Northeastern Poultry Producers Council will be held in the farm show building at Harrisburg, he said.

Bucknell's Faculty Has Eight 'Smiths'

LEWISBURG, Pa., Sept. 10. — (INS)—If a Bucknell university student tells you that all of his teachers this fall are named Smith, don't be surprised, for it could happen. Dean William H. Coleman announced today that there will be eight Smiths on Bucknell's faculty this term.

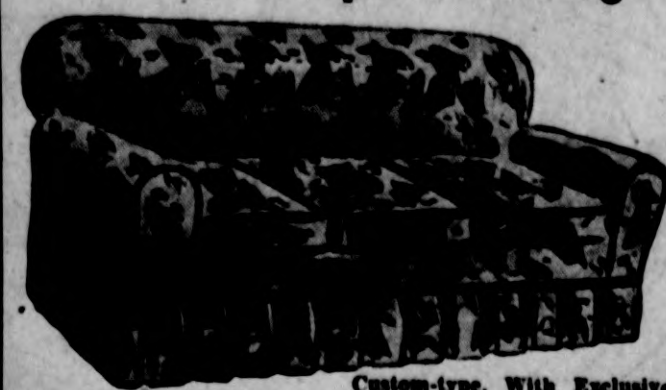

Five of the Smiths were faculty members last year, while three are new appointees. The department of English will include Dr. C. Willard Smith, Miss M. Phyllis Smith and Edgar K. Smith, the department of economics, Harry G. Smith; chemistry, Manning A. Smith; psychology, Wendell I. Smith; chemical engineering, Harry B. Smith, and physical education, Miss Barbara J. Smith.

Sunday School Convention Set For Williamsport

HARRISBURG, Sept. 10.—Advances registration for the 88th annual Pennsylvania Sunday School convention, which will be held in Williamsport, October 5-7, are being received daily from ministers and lay leaders of Christian education from each of the 67 counties of the Keystone state, according to Ira C. Sassaman, convention director and associate general secretary of the Pennsylvania State Council of Christian Education, sponsor of the convention.

More than 2,000 delegates of county Sunday School associations are expected to attend the three-day program to study methods of improving Christian family living. Theme for the meeting is "Christ the Center of the Home." Practical suggestions will be made by six speakers of national reputation in plenary sessions and by more than 50 speakers in sectional meetings.

July Industrial Accidents Higher

HARRISBURG, Sept. 10.—(INS)—The Department of Labor and Industry today reported a downward trend in industrial accidents in Pennsylvania was halted during July when 10,033 workers were injured.

The total, up more than five per cent, included 106 fatalities, 54 more than during the previous month and the highest number of deaths since August, 1947.

The state's non-manufacturing industries accounted for 61 per cent of all accidents and 73 per cent of all fatalities.

More than 6,000 injuries resulted in temporary total disability where the time loss exceeded seven days. Workers being struck by objects accounted for one-third of all injuries, the department said.

A caragana is an ornamental Asiatic tree with delicate pale foliage and yellow vernal flowers. If properly planted and cultivated the seedlings will grow into a hedge 12 feet high and 10 feet wide, and eventually to a height of 18 or 20 feet, in 10 years.

Around Hollywood

By RUTH BRIGHAM
(International News Service Staff Correspondent)

HOLLYWOOD, Sept. 10.—(INS)—Germany's first postwar gift to Hollywood likes American movies first and American men second.

The wise beyond her years Hildegard Neff doesn't say that in so many words, but she puts it this way:

"American films are the best in the world. In every way. They far surpass the British."

"And how do I like American men? Oh, they're such individuals. Some good ones. Some bad ones. It's hard to say," she said, groping for words in her new language.

"And how do I like British men? They're charming, simply charming. They're not so easy to know at first as American men are, but so very charming once you know them. Delightful, really!"

And her next words bore out her belief. Asked which actors she'd rather play opposite, she unhesitatingly replied:

"James Mason, Ray Milland, Cary Grant!"

"They're all British, you know. But then the blonde Hildegard."

who "does so want to make Americans like me," threw a nice American curve ball when she added:

"And I would like to make a movie with Gary Cooper."

Hildegard's regard for British men in general and American men in particular is reflected in her marriage. For she took on an American-educated officer for her husband. He's Kurt Hirsch, a Czech who fled his country at the age of 14 and sought refuge from the Nazis in the United States.

Met in Germany

They met in occupied Germany, where they were married. At that time he was assigned to the film division of the American Military Government in Berlin.

Hildegard, whose own life story is far more unbelievable than anything fiction writers could ever dream up, was 14 when war broke out in Germany.

She grew up amid ruins, was thrice bombed out of her living quarters, was spared conscription to a war factory because she had suffered infantile paralysis and still walked with a limp.

Talks Of Homeland

The tall blonde, who is still trying to put on weight, arrived in this country early this year, under contract to David O. Selznick.

Of her own country, she says: "No sensible person living in Berlin today could be on any side but that of the Americans. They have seen Nazism and the horrors of it. And they have seen Soviet soldiers—and the horrors of that."

"If Communism could flourish anywhere in Germany, I think it would be in Bavaria. The people there have not been subjected to Soviets. They don't know what it means—and they are not so smart as the Berlin people. So they might be persuaded the Soviet way. Smart people never are."

Good Actress

Hildegard is being groomed by Selznick before any definite commitments for future movies.

Her occupation films have proven her versatility, and she's ready for comedy or drama.

All she knows is that she does not want to be "compared with any other actress"—even Dietrich, countrywoman whom she resembles vaguely, or Bergman, whose performances she gives a run for their money.

Liquor Industry Hears Charges

CHICAGO, Sept. 10.—(INS)—The liquor industry has charged today with contributing to the "skid rows" throughout the country.

Charles J. Fleck, chairman of the Illinois Liquor Control Commission, made that charge at the convention of the distillery, rectifying and wine workers in Chicago. He said:

"Distillers, brewers and distributors—sitting in oak-paneled offices—are inclined to disclaim responsibility for skid rows. But they are as much to blame as the retail group. They cannot escape it."

BUFFET SUPPER

"I am going to give a party and buffet supper. Tell me how to arrange my table and what to serve, please."

Answer: Invitations for a buffet supper may be telephoned, written on visiting cards or "informals" or sent in the form of short notes.

Stacks of plates and groups of cups, saucers, knives, forks and napkins should be attractively arranged on the table, which should be decorated with a floral center-

piece and with candles, flanking the flowers. Your coffee service, as well as dishes of cold foods, such as cold cuts, salad, sandwiches, rolls and cake, should be set on the table before the arrival of your guests. Hot foods, if any, should not be served until the festivities are about to begin.

Guests will help themselves and if the hostess has thoughtfully placed about the rooms small tables to which they may carry their plates and thus eat their food in comfort, they will be spared the difficulty of trying to balance dishes on their laps.

Question: I am having a church wedding very soon and here is my problem. I have no mother to precede my entry announcing the

bride is coming. I don't know whom I should have, my aunt or godmother. Will you please tell me what to do.

Answer: Actually, it is not necessary nor is it usual for anyone to announce the bride's arrival. If you would like someone to take your mother's place in the first pew, you may choose for this purpose either your aunt or your godmother.

Vicar Who Married Duke And Duchess Will End Exile

LOS ANGELES, Sept. 10.—(INS)—The little vicar who rocked an empire and thrilled the world by officiating at the wedding of the Duke and Duchess of Windsor is returning to England—after 11 years of ecclesiastical exile.

But even then it will be a stop over point enroute to South Africa for the Rev. Robert Anderson Jardine.

The 70-year-old "poor man's parson" will assume duties as presiding bishop of the South African Episcopal church, which is not related to the Church of England.

At present the Rev. Mr. Jardine and his wife are living in one room in a rooming house in Los Angeles.

Since that fateful Windsor's wedding-day in June, 1937, the vicar has seemingly been unable to shake off a jinx which has pursued him. The Rev. Jardine said he hadn't heard from the Duke and Duchess for "several years." A picture of the Duke, then king, hangs on the wall. In glancing at it, he said: "Human nature is a funny thing."

The vicar said he is not in severe financial straits but admitted he has yet to raise the transportation money to England so he may visit his son.

Triple Damage Suit Is Filed Asking \$110,000

PITTSBURGH, Sept. 10.—(INS)—Two Beaver county families today have a triple action damage suit of \$110,000 pending against a New York City trucking firm in federal court in Pittsburgh.

Mr. and Mrs. Henry Irvin Lipinski of Beaver Falls, and Mr. and Mrs. William H. Irvin of Rochester, filed the suit yesterday against the Gilbert Carrier Corp.

The two couples are asking damage for injuries suffered by Mr. and Mrs. Lipinski Feb. 28, 1948, when their motorcycle was struck by a tractor-trailer truck owned by the Gilbert Corp. The accident occurred near Darlington, Pa.

The injured couple seek \$50,000 each, and the Irvins, Mrs. Lipinski's parents, seek \$10,000.

Declares Moscow Orders Support Of Henry Wallace

NEW YORK, Sept. 10.—(INS)—A former top-ranking American Communist said today Henry A. Wallace received Communist support in the United States by direct order of Moscow.

Louis F. Budenz, former editor of the Daily Worker now returned to the Catholic church, made the charge in the current issue of Collier's magazine.

He said that ruling Russian Communist leaders decided to back Wallace Progressive party candidate for president, after his visit as vice-president to Siberia in June, 1944.

Budenz reported this order from the Kremlin was transmitted to the American Communist party by Gerhard Eisler, convicted Soviet agent.

Budenz said Wallace is not a Communist and apparently is not aware of "the extent to which he has been engulfed by the shifting quicksands of the Communist conspiracy."

The former editor said that at first Communists were not sure the extent to which they were to back Wallace. He said on one occasion Moscow publicly rebuked them for waver in their support.

'Petrillo Ban' Causes Boom Over In Europe

NEW YORK, Sept. 10.—(INS)—The "Petrillo ban" against the making of recording by American companies is proving a boom to his industry in Europe.

Jack Kapp, president of Decca Records, Inc., just back from Europe, said today that "recordings are being made at full speed on the other side, particularly in England."

The British, he asserted, are "making everything, including American songs."

France and Italy are making records, too.

These European countries do not have to contend with James C. Petrillo, president of the American Federation of Musicians—as do the recording companies of the United States.

A revolt against the "Petrillo ban" is reported to be cropping up in this country.

Variety, New York's theatrical publication, announces that this is "no longer a tacit deft but an open revolt."

Industry leaders admitted today that a number of American companies are making recordings, generally without the assistance of musicians.

They are recording American voices with such local accompaniments as the ukulele and harmonica. How many companies are doing this could not be ascertained.

The massive gateway leading to the Yale bowl, New Haven, Conn., and athletic fields is a memorial given by American colleges and schools, uniting with graduates of Yale, to honor Walter Camp and the traditions of college sport which he exemplified.

New Castle-Erie East Raise Grid Curtain Tonight

With only the middle of the line trio and the fullback post intact from last year's magnificent eleven, New Castle's 1943 Red Hurricane hopes to kick up a storm tonight under the lights at improved Taggart stadium against Erie East high. It will mark the football inaugural here and some 10,000 fans are expected to sit in on the contest.

Gone from the illustrious '42 crew are such stars as Bobby Sessions and Cliff Rowland, ends; Lou Ziegler and Chuck Wing, tackles; Paul Caba, Jr., quarterback; Gene Gribble and Lou Gilmore, halfbacks. Many valuable reserves also accepted sheepskins last June.

Coach Phil Bridenbaugh's charges have some mighty big cleat marks to fill on the Taggart greensward as they open hostilities against the upstate school, the first of 10 fives this campaign.

The 1943 machine, which lost only to Warren, O., and died Farrell, showed up nine opponents, clinching the season with a scintillating 34-0 victory of Bethlehem Thanksgiving Day.

"Bird" and his aides have played the game and are just waiting to see what happens.

"I have no idea how some of the kids will root under fire," stated the veteran Hurricane master, starting his 27th year of the helm.

"Well, just have to wait and see. Many changes will, no doubt, be effected after we view the first encounters."

Junior Ends
Two juniors will man the flank—John Banks and John Smith, with Jack Boyson having an outside chance at starting if his ankle is ready. The tackles will see Amen Hansen and Tommy Mangino ready for action. The latter saw considerable action last year when injuries struck the position.

No worries at the guards and center, with Tony Clafella in his third year at the snapper-back post, and Jasper Williams, the spearhead center, at one guard, and Joe "Jumbo" Joseph at the other.

Salie at Quarter
Earl Salie, rugged ex-Franklin ace, will inherit Caba's pilot house quarters and is a ready blocker and sturdy defender. Vince Lamorella, a converted lineman, is the choice at tailback, with "Doc" Valenti meddles him. At right half will be Sammy Keyes, a bigger and faster boy, ripe for a great season. Ralph Paoletti, 194 pounds and a whippet in the open, will ably handle the power slot and do the kicking and passing.

Kickoff at 8:15
Kickoff is slated for 8:15. Season ticket holders will be seated in the new steel bleachers, and students will occupy the stadium side. Extra bleachers have been erected at the north end of the field.

The new lighting plant, one of the most modern anywhere in the country, makes for better vision, and the removal of the old standards on the field gives the spectators an unobstructed view of the proceedings.

Following are the probable lineups for the game tonight:

New Castle	Erie East
Smith	Smith
Hansen	Hansen
Joseph	Joseph
Clafella	Clafella
Williams	Williams
Mangino	Mangino
Boyson	Boyson
Banks	Banks
Salie	Salie
Lamorella	Lamorella
Keyes	Keyes
Paoletti	Paoletti
Referee—Jerry Scanlon.	Umpire—Joe Hansen.
Lineman—John Coleman.

Band Poised For East Game

95-Piece Organization Ready To Help Launch 1948 Football Season

What's a football game without a band?

New Castle's big unit, one of the finest organizations in the state, will be very much in evidence tonight as the grid season is launched at Taggart stadium.

The 95-piece band, under the direction of Joe P. Neplegie, has been practicing as ardently as the football team and will have a sparkling program for the lid-lifter. They will work their formations about the theme, "Happy Days Are Here Again," saluting the return of King Football and the fall sport. About one-third of the members this year are sophomores up from junior high school and there are only four veteran drum majors on hand.

The band will grow in size during the next few weeks with the arranging of schedules at school.

Portable Podium
A fine contribution this season has been a portable steel podium, four feet high and with a platform two and one half feet square, painted in the school colors of red and black. It has been donated in a civic gesture by the Universal Sanitary manufacturing company and will help the conductor immeasurably in leading the unit through selections. In past seasons the musicians had difficulty seeing their leader, and the new dais will be a welcome improvement.

Due to the new seating arrangements this year at the field, the musical program will have to undergo changes and will not be a continuous one as in years passed.

How To Enter Stadium Tonight

Football fans are going to find a complete new setup for reaching their seats in the steel bleachers tonight and the newly erected bleachers at the north end of the field.

If you have a reserve seat you will sit in the steel bleachers and will enter the field at either the Cunningham avenue or Division street gates. New gates and walks have been erected at each entrance. You may reach your seat by three different ways, either by walking under the bleachers and taking the center ramp, or by walking down the track from both ends of the bleachers.

All general admission seat holders will enter the field at the north end of the stadium where the students formerly entered. These seats are 60 cents and will go on sale at 7 o'clock (800) available.

All press pass ticket holders will enter the south gate as has been the custom.

All students will enter the main gate on Du Shane street and occupy seats in the concrete stands. The stadium can seat 13,000 now. No tickets will be sold for standing room until every other ticket is sold.

Rex Barney Of Brooklyn Hurls No-Hit Game

By LES CONKLIN.
(International News Service Sports Writer)

NEW YORK, Sept. 10.—Rex Barney's no-hit, no-run classic against the New York Giants last night not only put the Dodger fire-haller in the hall of fame but also served notice that Brooklyn still is a mighty dangerous pennant contender.

Manager Eustace Bennett of the third-place Dodgers now for the first time has his four best pitchers—Barney, Ralph Branca, Preacher Roe and Harry Taylor—all in shape for the national league stretch drive.

Barney, after a slow start, now is the bellwether of the bunch. He had pitched a one-hitter earlier, and achieved his no-hitter last night despite a driving rain which made it difficult to obtain a firm grip on the ball.

Carl Furillo aided him with two nice catches in the outfield and three singles at the plate. Furillo scored one run and knocked in the other as the Dodgers won 2 to 0.

Barney, hurling the first no-hit game in the National League this season and the first one at the Polo Grounds since 1928, did not allow a single Giant to reach first base after Monte Kennedy, his worthy mound rival, was safe on a fumble in the third inning. Barney retired the last 21 New York batters in succession.

Rex struck out four men and walked only two. This year's other no-hitter was turned in by Bob Lemon of Cleveland.

The Boston Braves, National League pace setters, whose night game with the Phillies was rained out, now enjoy a smaller lead than the Red Sox in the American.

The Braves are only three games ahead of the Pirates, who downed Cincinnati 6 to 1 behind the veteran Elmer Riddle's five-hit pitching.

The fourth-place St. Louis Cardinals blanked the Chicago Cubs 4 to 0 behind Harry Brecheen in a night game. Stan Musial of the Cards hit four for five.

In the American League, the second-place New York Yankees must beat the pace-setting Red Sox today or kiss the pennant good-bye, to all intent and purpose.

New York simply doesn't seem to have the pitching to stop the Sox, who have won nine straight and 24 of their last 28, and lead the Yanks by 3½ games.

The Sox scored eight runs on only four hits, along with six passes, in one inning yesterday in trouncing the New Yorkers again, 9 to 4.

The third-place Indians advanced to within one game of the Yanks by nailing out Detroit, 3 to 2, in the 13th inning.

The St. Louis Browns downed the Chicago White Sox twice, 5 to 2 and 4 to 2. Other teams were idle.

Drawings will be held by the National Baseball federation at the Ohio hotel, Youngstown tonight for games Saturday. Universals winners of the City Baseball league pennant here, is entered in the meet. It is the first time the city has entered a team in federation play.

BEARS DOWN YANKS
HERSHEY, Pa., Sept. 10.—(INS)—The Chicago Bears downed the Boston Yanks, 28 to 14, last night for their second victory of the season over the Hub's National Football League entry.

More than 17,300 fans, largest football crowd in the history of Hershey Stadium, watched the arc-light tilt.

Vandergrift-Erie Win

(By International News Service)
The Vandergrift Pioneers today are one game away from the final round of the Middle Atlantic league playoffs.
The pennant winning Pioneers last night took their second straight game from the Uniontown Barons, 8-4. The first team to win three games enters the final best four out of seven round.
The two teams meet at Uniontown tomorrow night, with the third place Barons looking for their first victory in the playoffs.
In the other playoff series, the second place Erie Sailors topped the fourth place Johnstown Johnnies 5-3 last night, to square away their series at one game apiece.
They move to Johnstown tomorrow night.

Sala-Affif Bout Sept. 15 May Draw Crowd Of 20,000

By NORMAN BARR
PITTSBURGH, Sept. 10.—(INS)—Two young middleweights who may have a lot to say about the crown Tony Zale wears clash in Pittsburgh Wednesday in what promises to be the biggest draw non-title outdoor fight of 1948.

Promoter Jack McGinley expects a crowd of about 20,000 fans to pay more than \$50,000 for the Lee Sala-Charley Affif fight at Forbes Field. No other non-title bout has approached those figures this summer, and even a few title fights have not drawn that much.

Sala is 22, Affif 23. Zale and Marcel Cerdan, who meets for the title in Jersey City Sept. 21, both are 34.

Both Young
Sala is 22, Affif 23. Zale and Marcel Cerdan, who meet for the title in Jersey City Sept. 21, both are 34.

Steve Belloise, Chuck Hunted and Bert Lytell, the other leading contenders, are all in their 30s.

It's going to be some youngster like Sala or Affif who will hold the middleweight title in the not too distant future, and the ninth-ranked Sala has the best record of any rated fighter in the world.

The Donora, Pa., boxer has won all 41 of his professional fights, 31 by knockouts. A vicious left-hander, the ex-sailor is considered by many to be the best fighter to come out of the war.

Affif, a Pittsburgher, who fought under the name of "Young Zivie" for a spell, recently pounded out an easy victory over Lavern Roach of Plainview, Tex., recipient of ring magazine's "Rookie Of The Year" award for 1947.

The Sala-Affif fight will be the first major one in Pennsylvania in which eight-ounce gloves will be used. The rule requiring use of the heavier, mitts instead of the standard six-ounce gloves went into effect Sept. 1, and only minor matches have been staged since.

Issue On Gloves
Quite a controversy is raging as to the effect the heavier gloves will have on the fight.

At first, the general consensus was that the eight-ouncers would aid Affif, since they would cut down the punching power of Sala who is conceded to pack the harder wallop.

However, Billy Joost, who used to train Billy Conn and now trains Sala, doesn't think the extra two ounces will make any difference. Nor does Johnny Ray, Conn's manager, now training Affif.

Sala's manager, Peter J. (Bunny) Buntag, goes along with the idea that the gloves will hurt his fighter, while Conn takes the other extreme and feels it will help Sala.

Conn said:
"The heavier gloves will help the puncher. If a guy knows how to deliver a knockout punch, the weight of the gloves won't bother him. It's the guys who are only fair punchers who will lose by the change."

One thing is certain: the winner of the Sala-Affif fight is going to find himself in demand plenty. A good young fighter just isn't the fashion these days and fight fans are ready for a style change.

Reveals Patients Make Jobs Pay

COLUMBUS, O., Sept. 10.—Some feeble-minded wards of the state have been able to bank hundreds of dollars by doing outside work, the Welfare department reported.

The department declared, however, that proper supervision prevented these inmates of state institutions from being exploited in private employment. Its report followed assertions by a former attendant at the Columbus State School for the Feeble-Minded that patients had been mistreated.

Dr. F. L. Keiser, school superintendent, advantages of allowing patients to obtain private employment. He said patients may expect to be discharged in five years by qualifying as workers outside the institution.

Dr. Keiser cited the case of a youth who became virtually self-supporting, and saved \$700 on a job at an athletic stadium despite a low intelligence rating.

He also told of a woman patient who became a domestic in a private home and saved \$2,000.

Of the 2,100 at Columbus State school, only 25 or 30 work outside, he said.

Directors To Meet Tonight

Directors of the Northwest division, Pennsylvania Federation of Sportsmen's clubs, will meet tonight in The Castleton hotel and will meet again at 11 a. m. Saturday in the same hotel. The meetings will be followed by their attendance at the French testimonial dinner at 7 p. m. Saturday in the Cathedral.

GENEVA MEETS KENT IN PRACTICE GAME

Geneva college's football team will make its first appearance of the season this evening, tangling with Kent State University in a 20-minute practice contest at Niles, Ohio.

The game will be the feature attraction of the Niles Booster Club's third annual "Pigskin Preview Night". Four other high school games, limited to 16 minutes each, also will be played.

The Geneva-Kent State match, the fourth game on the program, will get underway at 8:45 p. m. Although divided into two ten-minute halves, it will resemble a regular contest in every respect.

Cardinals-Eagles Play Exhibition

PHILADELPHIA, Sept. 10.—The champion Chicago Cardinals are favored to top the Philadelphia Eagles in a National Football League exhibition at Municipal Stadium tonight.

More than 60,000 fans were expected to watch the 11th Philadelphia Inquirer football classic featuring Steve Van Buren and Tommy Thompson of the Eagles, and Charley Trippi and Elmer Angstrom of the Cards.

Penn State and the University of Pittsburgh will clash on the gridiron for the 49th time in 1948.

A nine-game schedule embracing all the top teams in the East will mark the 1948 Penn State soccer schedule.

He hasn't been out of the amateur ranks very long, and in his last appearances here didn't show up as well as he did against Moran during war days.

St. Vitus Group Conducts Session

Many Activities For Month Of September Planned At Church Sodality Meeting

Our Lady's Sodality of St. Vitus church held its meeting in the convent hall, with prefect Bernice Dellaverson in charge. Rev. Fr. Albert Inteso, director led in the opening prayer.

Reports were given, and prefect B. Dellaverson welcomed back, Mother Superior Henrietta, who spoke a few words; as also did Sister Hildegard.

Eucharistic committee, Ann Boaszo conducted a spelling bee. Participating were: Genevieve Manzoni, Florence DeCarbo, Rita Natale, Anita Pratt, Helen Russett and Thelma Phillips. Anita Pratt as winner received a prize.

Helen Russett of Our Lady's committee spoke on the "Titles of Mary." Apostolic committee Julie Venditto announced that the Sodality sent a CARE package to Rome, Italy. A skit, "Caretaker in Church," was presented with Marie Dellaverson and Madeline Covelli taking part.

Review Is Given

Catholic Truth committee Ann Terranova gave a review on "The Fugitive." Publicity, Clara Ferrazano dedicated the bulletin to the Nativity of the Blessed Virgin.

Social committee Lena Mastrangelo held a project entitled, "You'd Be Surprised". Frances Corio received a prize for having the greatest number of objects in her purse, and Julie Terranova for having the least number of objects.

Edith Smarelli announced the bowling season to start on Sunday, September 20, at 2 p. m., in the local bowling alleys. Secretary is Celestine Scungio and treasurer, Ann Miscammarra.

Sodalists who will be leaving the sodality to be married are: Rita Natale, Julie Terranova and Olga Scocherra.

Prefect Bernice Dellaverson announced that a winner roast will be held Thursday, Sept. 16 at Cascade park.

A meeting of the Lawrence County Union of Sodality will hold a meeting Sunday, Sept. 12 at St. John's church. She also announced a progressive holy hour to be held on Oct. 3, at 2:00 p. m. at the following churches: St. Mary's, St. Joseph's, St. Vitus, St. John's.

Director Father Inteso then spoke a few words. He stressed that repetition of the doctrine of the church to all sodalists is always an asset.

Dainty refreshments were served by the social committee given by a departing sodalist, Rita Natale. Closing prayer was given by director Fr. Inteso with sodalists singing Christ the King. The prefect then adjourned the meeting until next month, October 6.

Union Teachers Aid In Registering Men

Report 153 Men Are Registered Through Aid Of Teachers And Firemen's Auxiliary

Teachers of the Union Township High school and members of the Firemen's Auxiliary of the township have been aiding Draft Board No. 86 in registering men for the peacetime draft.

J. Arthur Turek, supervising principal along with eight of his teachers gave of their time prior to the opening of school in order to register as many of the boys in that area as possible. Office of Mr. Turek was used for the registration.

Teachers assisting Mr. Turek in the work included Delbert McEwen, Miss Olive Zeigler, Mrs. Erna Smith, Miss Angeline Venditto, Mrs. Florence Mitchell, Mrs. Zela Fox, Miss Carrie Mae Rentz and Miss Mary Tabacz.

With the opening of school the Women's Auxiliary to the Union Firemen took over and continued the work and are still working in the principal's office. These women under the supervision of Mrs. Ruth E. Stoner, president of the auxiliary, are Mrs. Helen L. White, Mrs. Myrtle N. Shaffer, Mrs. Sara Salmen and Mrs. Nick Raymond. Other women will be assisting from time to time.

Heaviest football player on the roster of the Baltimore Colts of the All-America pro football conference is Ernie Blandin, a 245-pound tackle.

Miami will play nine of its ten football games at night this season. Eight are home games.

Groves Declares He Authorized No Red Shipment

WASHINGTON, Sept. 10.—(INS)—Lt. Gen. Leslie R. Groves, former chief of the Manhattan Project, declared today that if uranium material was shipped to Russia during the war it was not on his authority.

Groves spent two hours in a closed door session with the House Un-American Activities committee, investigating atomic espionage, but refused to disclose what he told the House members.

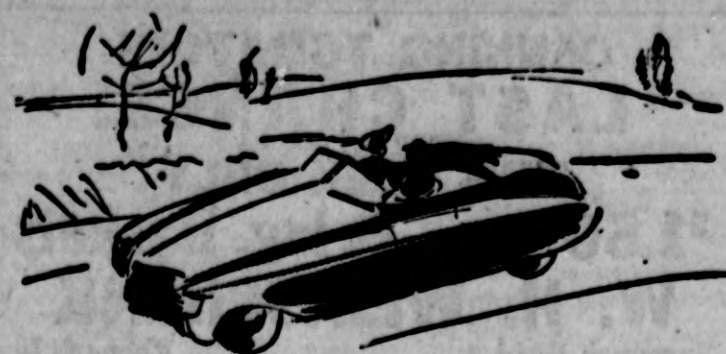

Reporters asked the ex-chief of the atom bomb project what he knew of reports that uranium

compounds and uranium metal had been flown to Russia from a Montana airport during the war. The retired general, now vice president of Remington Rand, replied: "I didn't ship any and I'm sure I wouldn't have shipped any under any circumstances."

VANISHING PORCH
LOS ANGELES.—(INS)—Mrs. Madlyn V. Johnson was gay as she headed up the walk of her home at 1766 West 24th street. Suddenly Mrs. Johnson stopped. Her front porch had vanished. Embarrassed termite exterminating workers explained that they had their signals crossed. They should have removed the porch from 1700 W. 24th street. Now there are two new front porches on West 24th street.

PRISON POPULATION
LONDON.—(INS)—Britain's mounting crime wave has pushed the nation's prison population up to an all-time high. The yearly report of the prison commissioners reveals that some 19,700 people are being boarded by His Majesty's government in overcrowded local hostels. The commissioners warn that the average daily prison population—10,000 to 11,000 pre-war—may rise to over 20,000 in the near future.

PITTSBURGH.—(INS)—An airport light with candlepower equivalent to nearly two billion ordinary 60-watt bulbs has been developed by Westinghouse Electric Corp. The lighting system, designed for use at the New International airport in New York City, emits fog-penetrating flashes of more than 115 billion candlepower.

Willie Pep Favored To Defeat Demarco

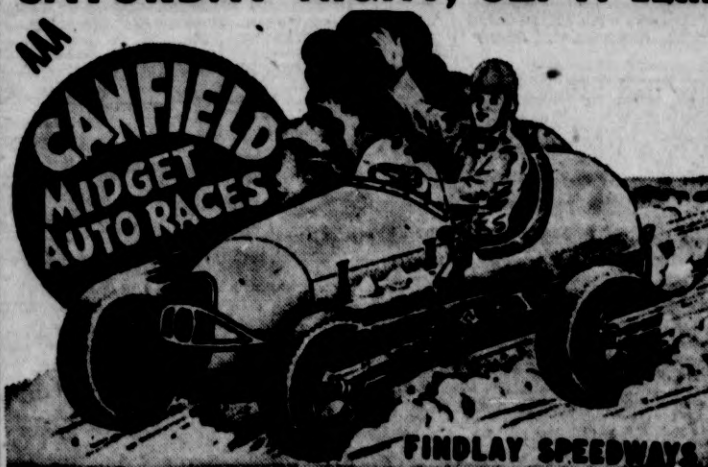

NEW YORK, Sept. 10.—(INS)—Willie Pep, world's featherweight champion, is a strong favorite to defeat Paddy DeMarco, Brooklyn lightweight, in their 10-round, non-title bout at Madison Square Garden tonight.

DeMarco has won his last 21 fights, including two victories over

Terry Young. He never has been knocked out. The youngster, however, lacks the experience, punch and ring craft of the Connecticut veteran, who has racked up 69 straight wins.

At least four Toronto players, Third Baseman Willie (Puddin'-head) Jones, Catcher Stan Lopata and Pitchers Emery Church and Lou Poeschl, are scheduled to get tryouts with the Philadelphia Phillies of the National league next spring.
